MAYOR'S INAUGURAL ADDRESS

Members of Council:

The official welcome to the members of council for 1942 would appear to be extended to you as a matter of formality but it is nonetheless sincere and is hereby expressed in anticipation of that unity of purpose and fullest degree of cooperation that should characterize the solving of the problems and the business of the corporation in the year that lies ahead.

In this, the third year of the greatest of all wars, a supreme struggle for our very existence, let us individually and collectively do our duty unflinchingly and support whatever measures that will, in our judgment and the dictates of our conscience, contribute to the vigorous prosecution of the war in all its phases and aid those who are charged with the responsibility of conducting the war to a successful conclusion. Without elaborating upon the policies adopted by the government with which, from time to time, many may not agree, the needs of wartime processes, conditions and circumstances we may have to face, or individual idiosyncrasies, let us ever remember that no sacrifice is too great to obtain the victory that will ensure Canadian liberty and freedom which we now realize is in jeopardy.

Let me mention here a service which may appear to be small to some who do not know the delight and the pleasure which the men in uniform derive from the operation of the Soldiers' Civic Recreation Centre in the Market House, under the personal supervision of Alderman Casterton. The ladies who assist in the canteen actually are pleased to be asked to return and few ever miss. This is one of the finest War Services that this council has sponsored and a special tribute is due to those in charge.

While we have a duty to perform to the state we, as trustees of the citizens of Kingston, have assumed the responsibilities attendant upon the proper administration of the affairs of the Corporation of the City of Kingston. The citizens of Kingston have expressed their confidence in us by electing us to this council. Let us then so discharge our duties that that confidence will be well founded and our actions will merit approval. As in previous years it will be our general policy to practise economy with efficiency without sacrificing essentials. The office improvements have been designed to give better service and to consolidate the departments so effected.

The year just completed has witnessed a substantial increase in tax collections and a considerable improvement in the revenue of the city. Almost without exception each revenue item has exceeded the budgeted estimate. The collection of licences has been noticeable in this respect. Revenue from this source amounted to $18,500.00, exceeding the estimate by over $1,000.00.

Tax collections during the year 1941 have been exceptionally good and we face 1942 with total tax arrears amounting to only $100,000, much of which will be collected during this year. The percentage of taxes collected to the end of the year was 93.36 as compared to 91.4 in 1940. It is also noted that there was an increase in the collection of arrears. Total tax collections in 1941 expressed as a percentage of the net levy amounted to 105.27%, a figure of which we should be justly proud.

During the year 1941 debentures amounting to $242,450.00 were retired and new issues totalled $52,000, making a net reduction of the funded indebtedness of the city of $190,450.00. Of the new debentures issued $15,000 was for school purposes and approximately $17,500 was the owners' portion of local improvements completed in 1941, and consequently will not affect the general tax rate. In 1941 there was a reduction in the debt carrying charges effecting the general tax rate of over $26,000. This policy of debt reduction has been continued and for the year 1942 there will be a further reduction of $26,130. It is interesting to note that the last of the Unemployment debentures amounting to $116,000 will be retired in July.

The Sinking Fund Committee, which is a sub-committee of the Committee on Finance and Accounts, with the capable assistance of the City Auditor, Mr. L. G. Macpherson, has during the past year quietly effected material changes in the Sinking Fund position and holdings. We are now in a position to meet heavy debt maturities of Sinking Fund debentures this year and in 1943 without the necessity of having to encroach upon our holdings of high grade bonds. It might also be noted here that a recent City of Kingston debenture issue was sold at a rate yielding 2.74, indicating the favourable financial position in which Kingston is held.

The year 1941 saw greatly accelerated building activity, the total value of building permits issued by the Engineer's department being $1,171,300.00. Building permits were issued for 176 new houses at an estimated value of $605,580. This increased building, however, could not possibly solve the acute housing shortage and during the year on the recommendation of the Committee on Administration and Legislation a Citizens' Housing Committee was formed under the able chairmanship of Mr. Cecil Cole. This committee immediately turned its efforts to the preparation of a Zoning By-law as the first step to be taken in solving the housing situation, and I believe Mr. Cole and the members of his committee should receive the sincere thanks of the members of Council for the splendid Zoning By-law which was prepared by this committee and is at present in the hands of the Ontario Municipal Board.

Many and prolonged were the discussions leading to the selected location for Wartime Houses, a project for the erection and maintenance of houses for men and their families engaged in the production of war materials. Arrangements to supply city services for these houses have been and are being made but as yet no written agreements have been signed. This should be completed as early in the year as possible.

Due to the continued increase in the population of the city, and the rapid growth of the west end of the city during the past year, it became necessary to construct extensive local improvements. It was also deemed advisable to remove the street-car rails from Princess Street and lay a new asphalt top on the whole street from King to Barrie. This has greatly improved the appearance of the street and with the addition of many new store fronts and places of business the citizens of Kingston are gradually realizing with increased pride that their city is approaching the front ranks of cities in the Province to-day.

During the year it was found necessary to provide additional equipment in the Garbage Department to give the citizens adequate service. An additional truck has been in service for some months. This year an additional service, that of Collection of Ashes, is beginning on Monday. Ashes will be collected once a week in somewhat the same manner as garbage. It may be necessary to further increase the garbage service as the year progresses. It is noted that a daily pick-up from restaurants may be required.

The Assessment Commissioner reports a substantial increase in the rateable assessment. The total rateable assessment on which the 1942 taxes will be based amounts to $20,450,354.00, an increase of approximately $1,500,000.00, made up of new buildings and adjustments $733,000, and Expiry of By-law Exemptions amounting to over $900,000.00.

In addition, while it is too early to calculate the exact amount, it is expected results for the year 1941 will show a sizable operating surplus.

From information and figures at our disposal at the present time it is anticipated that a further reduction in the tax rate will be effected this year 1942. In any case from the present outlook taxpayers may expect no increase over 1941.

In the early summer of the year 1941, in order to clarify situations and matters that pertained to the Board of Health and the Health Department, the Board of Health unanimously requested the Department of Health of the Provincial Government to make a survey and an investigation of the business and affairs of the local Department including the Board itself and submit a report. The report was received too late in the year to advise council of its recommendations. A copy of the report has been sent to each member of council so that all will be familiar with its contents. Nevertheless the retiring Board of Health felt that the time had come when more stringent action should and must be taken with respect to all health matters and recommends that the Board of Health for 1942 take steps to implement the recommendations contained in the report so that all items of attack may not be deduced to "inadequate" or "could be improved". As a first step the Medical Officer of Health has been requested to present a programme and a proposed draft by-law which will be reviewed and studied in conjunction with the Committee on Administration and Legislation and all other committees or parties affected. I respectfully seek council's serious cooperation in this matter. There is work to do in this field.

The Dominion Government through the Department of National Defence has the responsibility of defending the country in case of attack. Where the civil population is involved the government has selected various cities and localities and named them as vulnerable to enemy attack especially by air. These areas are classified in categories "A", "B", "C", "D". Those in "A" group are recognized as being more susceptible to air raids and are supplied the necessary equipment to organize and function under the organization Air Raid Precautions. Provision is made for compensation of all workers engaged in A.R.P. work and requisites supplied where authorized.

A formidable unit was organized in Kingston, some equipment was received, lectures were being given and training was about to commence when interest seemed to wane and the organization with the exception of one or two services became one "on paper". The organization could be quickly reassembled should the occasion demand and the necessary arrangements be made or Kingston's "D" group position be changed to one of recognized susceptibility with consequent financial provisions approved. I draw this to your attention in the event that a revival of interest in A.R.P. work should require the expenditure of municipal funds you will then be aware that the possibility may exist when money would be needed.

The Police Department is experiencing an ever increasing volume of duties and activities. With the addition of a second motorcycle and the continuous use of the radio cruiser the efficiency of the department is making steady progress. The need of a second radio car becomes more apparent as the days and weeks pass. In my opinion some consideration should be given to reconstructing and remodelling the police quarters, including the cells and the room used by transients. The Police Commission would welcome a study of this proposal.

The Fire and Light Committee will undoubtedly continue the work undertaken by last year's committee. Council will await, expectantly, the Fire Underwriters' report which was requested by the 1941 council. In this connection I believe it would be well to co-operate with the Public Utilities in the matter of adequate water and water pressure, sufficient hydrants and plenty of hose. The report will no doubt advise on equipment.

With respect to adequate water supply the Commission has advised us of the serious potential danger and we have acted on their recommendation. It is imperative that all negotiations be completed as quickly as possible and that work be started to remedy the situation.

The Board of Works will have a busy year before them. Without in any way attempting to suggest that all of the work which is submitted be considered this year, much less doing it, some of the following items may be of interest:

1. Review of sewerage system with object of replacing some and of constructing relief sewers to minimize flooding. There is also the carry-over of the Princess St. and Morton St. relief sewers.

2. Enlarging of incinerator facilities to accommodate increased population.

3. Growth of the city in the west end will require considerable local improvements, street surfacing, sidewalks, extension of sewerage system.

4. Proposed increase in street cleaning, downtown, by means of mechanical equipment.

5. New plumbing By-law which will entail closer plumbing inspection and appointment of a plumbing inspector.

6. Closer building inspection,—
    (a) Zoning.
    (b) More particular plans and specifications.
    (c) More rigid application and inspection.

7. Endeavour to prepare new plans and records to be placed on a more permanent basis.

8. Increase of combined Fire Department and Board of Works space to establish Corporation workshop.

9. Establishing and maintaining three probably permanent skating rinks.

10. In conjunction with Committee on Administration and Legislation rewriting of certain By-laws:—
    (a) Smoke nuisance.
    (b) Trees.
    (c) Recompilation of Building By-law No. 15.

11. Need of repairs to outside of City Hall.

12. Replacing of Board of Works equipment:—
    (a) Compressor.
    (b) Tractor.
    (c) Wagons—present originals 1916.
    (d) Asphalt Plant.
    (e) Large Roller.

A delegation representing the Board of Directors of the Infants' Home informed me that the Home would close at the end of December, 1941, for lack of funds. At a conference hurriedly called in the Mayor's office the president agreed to withhold closing until the middle of January or after council had been informed of their intentions. I need not warn you that this is a matter of serious import to the city and earnestly request that the situation be considered and action taken immediately that a calamity be thus averted.

In these days of war and increasing demands upon our time and resources, material and otherwise, I desire to compliment the excellent staff now engaged in the city's business for their loyalty to the city and their willingness to do their work without complaint. To the Aldermen who have given of their time night after night and day in and day out when required so to do and to those who have ceaselessly given me their support in any manner whatsoever, I offer you my sincere thanks. I could mention each one of you individually on particular occasions and in proper circumstances but I shall ask your forbearance and extend to you best wishes for a prosperous year.

Moved by Ald. Dalton, seconded by Ald. Garrigan, (1) that the Mayor's Inaugural Address be referred to the appropriate committees.— Carried on the following division: For (21), Against (0).

APPOINTMENT OF STANDING COMMITTEES

2. That the Public Utilities Commission be advised that it is the request of this council that the Commission should undertake no capital expenditures in the Water and Gas Departments without first obtaining the approval of council for the proposed expenditure.

3. That in compliance with section 42 of the Public Utilities Commission Act the Commission be requested to submit a statement of estimated expenditure and revenue on current capital account to council.

4. That receipt of $15,000 from the Public Utilities Commission as the city's share of the Water Department surplus for the year 1940 be acknowledged and that the advance of $37,000 from the city's account to liquidate the overdraft in the bank account of the Water Department be confirmed.

5. That a by-law in the amount of $37,000 to fund the floating indebtedness of the waterworks system as of December 31st, 1941, be prepared and given two readings at the meeting of council to be held March 9th, 1942.

6. That the Deputy Clerk Treasurer be instructed to purchase at the adjourned sale of lands in arrears for taxes all properties which cannot be sold for the amount of the arrears of taxes and costs.

7. That a rate of 33.9 mills on the dollar be levied on this year's ordinary assessment and that a rate of 1.6 mills on the dollar for the collection and disposal of garbage, ashes and other refuse be levied on the assessment liable thereto.

During the past six years there has been a progressive reduction in taxation totalling 12 mills. This has meant a substantial saving to the taxpayer. During this same period, however, there has been a gradual extension of municipal services to meet the needs and desire of the citizens and the requirements of a growing city.

The corporation closed the year 1941 with a surplus of $7,185.90 on Current Account and a deficit of $5,672.48 on the Garbage Collection levy. The deficit in the Garbage Department is explained by the fact that duringlast year it was found necessary to add a further collection unit to take care of the requirements of a rapidly increasing population. The levy in the Garbage Department for the year 1942 is accounted for in the following manner:

Deficit, 1941	.225 mills
Collection of ashes	.282 mills
Collection of garbage	1.093 mills

Percentage of tax collections during the year 1941 reached the highest point for over ten years. We are fortunate in entering the year 1942 with a very low figure of tax arrears in comparison with the figures of other years. For the information of the members of city council a list of comparative financial statistics is set out at the end of this report. These figures, we believe, show clearly the improvement over the past five years in the financial position of the city.

The reduction in taxation for the year 1942 with an accompanying increase in municipal services has been made possible in part by a substantial natural increase in the rateable assessment amounting to $494,785 and a reduction in the debt carrying charges of over $26,000.00. In addition, by-law exemptions totalling $917,530 expired during the year 1941. This expiry of by-law exemptions has made possible the reduction of $20,000.00 in the levy for Reserve for Uncollected Taxes and Remissions.

REVENUES OTHER THAN TAXATION:

The city's proportion of the water profits for the year 1942 has been based upon a very conservative estimate.

COMMITTEE APPROPRIATIONS:

The salary and wage estimates for the year 1942 include the present cost of living bonus.

FINANCE AND ACCOUNTS:

The appropriation for sundry expenditures includes a provision of $2,000.00 for contemplated additions to the staff of the Fire Department.

BOARD OF WORKS:

The budget has been changed to reflect the functional purposes of this department. The actual expenditures according to the Board of Works ledger have been set out to permit a comparison with the estimates for 1942.

The increase in the Garbage Department levy has been explained in the foregoing paragraphs.

CITY PROPERTY AND MARKETS:

The increase in this appropriation is accounted for by the need for certain repairs and renovations to the City Buildings, some of which have already been approved by city council and completed. Provision is also made for the installation of the new weigh scales.

POLICE COMMISSION:

Provision has been made for two additional constables and a second cruiser, radio-equipped.

PARKS:

The appropriation for Lake Ontario Park contemplates certain necessary repairs to the dance hall building and to the roadway leading into the park.

SOCIAL WELFARE:

Direct relief expenditures in 1941 totalled $27,681.75 of which the city's share was $7,140.65. Provision for the city's share of relief in 1942 has been increased to take care of the 10% increase in relief issue which must be borne in full by the municipality.

BOARD OF HEALTH:

Provision has been made for a second sanitary inspector and an additional public health nurse in keeping with the recommendations of the report of the Provincial Department of Health.

Respectfully submitted,

Members of the Committee on Finance and Accounts:

UNFINISHED BUSINESS

Ald. Stroud referred to the appointment of fireman Payne by the Committee on Fire and Light as acting lieutenant during the absence of Lieut. Saunders. He stated that it was his intention to reopen the matter at the next committee meeting on the grounds that seniority and preferential treatment to returned soldiers had been ignored in this appointment.

BY-LAWS

Moved by Ald. Millan, seconded by Ald. Dalton, (9) that By-law No. 191 be given its third reading, signed and sealed by the Mayor as follows:—Carried on the following division: For (19), Against (0).

BY-LAW NO. 191

A BY-LAW to authorize the issue of $12,000.00 Debentures of the City of Kingston for purchasing property known as "Queen's Athletic Field".

Passed March 9th, 1942.

WHEREAS the Municipal Board of Education of the City of Kingston has made application to Council pursuant to Section 54 of The Public Schools Act and amendments thereto that the sum of $12,000.00 be raised by the issue and sale of debentures of the Corporation for the purpose of acquiring land known as "Queen's Athletic Field", for school purposes.

AND WHEREAS Council has approved of said application and has consented to the issue of debentures of the Corporation for the said sum for said purposes subject to the approval of The Ontario Municipal Board.

AND WHEREAS the total amount required to be raised annually during the currency of said debentures to pay the debt and the interest thereof as herein provided is approximately $2,600.00 as appears by the Schedule marked "A" hereto annexed and which is hereby made part of this By-law;

AND WHEREAS it is necessary to borrow the said sum of $12,000.00 on the credit of the Corporation and to issue debentures therefor bearing interest at the rate of 2½% per annum which with the interest thereon is the amount of the debt intended to be created by this By-law;

AND WHEREAS it is expedient to make the principal of the said debt repayable in yearly sums during the period of five years, of such amounts respectively that the aggregate amounts payable for principal and interest in any year shall be equal as nearly as may be to the amounts so payable for principal and interest in each of the other years;

AND WHEREAS it is necessary to raise annually the several sums set out in the schedule hereunto attached during the period of five years to pay the said yearly sums of principal and interest as they become due and which said sum is required to be paid by the Corporation;

AND WHEREAS the amount of the whole rateable property of the Municipality according to the last revised Assessment Roll, is $20,212,119.00;

AND WHEREAS the amount of the existing debenture debt of the Corporation (exclusive of local improvement debts secured by special rates of assessments) is $2,093,331.69, and no part of the principal or interest is in arrear;

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. That for the purpose aforesaid there shall be borrowed on the credit of the Corporation at large the sum of $12,000, and debentures shall be issued therefor in sums of not less than $100.00 each, bearing interest at the rate of two and one-half per cent. per annum, and having coupons attached thereto for the payment of the interest.

2. The debentures shall all bear the same date and shall be issued on the 2nd day of July, 1942, and shall be payable in annual instalments during the five years next after the time when the same are issued, and the respective amounts of principal and interest payable in each of such years shall be as follows:—

Schedule "A"

	Principal	Interest	Total
1	$ 2,300.00	$ 300.00	$ 2,600.00
2	2,300.00	242.50	2,542.50
3	2,400.00	185.00	2,585.00
4	2,500.00	125.00	2,625.00
5	2,500.00	62.50	2,562.50
	$12,000.00	$ 915.00	$12,915.00

3. The debentures as to both principal and interest may be expressed in Canadian currency and may be payable at any place or places in Canada.

4. The Mayor and the Treasurer of the Corporation shall sign and issue the debentures which shall be sealed with the seal of the Corporation.

5. The said debentures shall be dated the 2nd day of July, 1942, and shall be payable in five annual instalments during the five years next after said date, as set forth in the above schedule marked "A".

6. The said debentures shall bear interest at the rate of 2½% per annum, which interest shall be payable half-yearly on the first days of the months of January and July in each year at the office of the said Treasurer, in the said City of Kingston, and the said debentures shall have interest coupons attached to them which shall be signed by the said Treasurer, whose signature may be written, stamped, lithographed or engraved.

7. During the currency of the debentures there shall be raised in each year the amount of the instalment of principal and interest payable in that year, as set forth in the said Schedule marked "A" herein set out, and the said sums making together the annual amounts therein set out shall be raised, levied and collected in each year during a period of five years by an annual special rate sufficient therefor in addition to all other rates to be levied on all the rateable property in the municipality at the same time and in the same manner as other rates, but the debentures and the money to be raised annually for payment thereof shall be chargeable only upon the property of ratepayers who are supporters of public schools.

8. The debentures may contain any clause providing for the registration thereof, authorized by any statute relating to Municipal debentures in force at the time of the issue thereof.

9. The amount of the loan authorized by this By-law may be consolidated with the amount of any loans authorized by other By-laws, by including the same with such other loans in a consolidating By-law authorizing the borrowing of the aggregate thereof as one loan, and the issue of debentures for such loan in one consecutive issue, pursuant to the provisions of the statute in that behalf.

This By-law shall take effect on the day of its passing, following the approval of the Ontario Municipal Board.

BY-LAW NO. 193

A BY-LAW to levy a tax of 1.6 mills on the dollar upon the assessed value of the land in the municipality of the City of Kingston, for the purpose of defraying the cost of the collection, removal and disposal of garbage, ashes and other refuse throughout the whole municipality. Passed March 9th, 1942.

WHEREAS By-law No. 181 ("A By-law to provide for the collection, removal and disposal of garbage, ashes and other refuse") was passed by the Council of the Corporation of the City of Kingston December 1st, 1941.

AND WHEREAS Section 23 of the said By-law provides as follows:—

"23. The expense of the collection, removal and disposal by the Corporation of garbage, ashes and other refuse throughout the whole municipality shall be borne by the owners and occupants of the land therein and an annual special rate shall be imposed upon such land according to its assessable value, sufficient to defray the expense of such collection, removal and disposal, and no land within the municipality shall be exempt from the said annual special rate anything in any general or special Act or any By-law to the contrary notwithstanding. The said annual special rate shall be placed upon the Collector's Roll during the year in which the same is to be collected and shall be collected in like manner and at the same time as all other municipal taxes."

BY-LAW NO. 194

A BY-LAW authorizing the borrowing of $202,500.00 upon Debentures for water supply.

Passed March 23rd, 1942.

WHEREAS it is expedient to borrow for water supply purposes a sum not exceeding Two Hundred and Two Thousand Five Fundred Dollars ($202,500.00) upon the credit of the Corporation, to issue debentures therefor bearing interest at the rate of three per centum per annum payable semiannually and to provide for the discount and the expenses incidental to the negotiation and sale of such debentures:

AND WHEREAS it is expedient to make the principal of the said debt repayable in annual instalments during the period of fifteen years next after the date of issue of such debentures, of such amounts respectively that, with the interest in respect of the debt, the aggregate amount payable for principal and interest in each year shall be, as nearly as possible, the same; subject to the statutory proviso that each instalment of principal may be for an even $100.00, $500.00 or $1,000.00, or multiple thereof, and, that notwithstanding anything herein contained, the annual instalments of principal and interest may differ in amount sufficiently to admit thereof:

AND WHEREAS the amount of the whote rateable property of the municipality, according to the last revised assessment roll thereof is $19,917,334.00.

AND WHEREAS the amount of the existing debenture debt of the Corporation, exclusive of local improvement debts secured by special rates or assessments, is $2,227,965.91, and no part of the principal or interest on such debts is in arrears.

AND WHEREAS by certificate Number 41-B-114, dated the 3rd day of December, 1941, the Department of Health of

Ontario has approved of the proposed water supply and such approval has been certified under the hand of the Minister in accordance with Section 102 of The Public Health Act, R.S.O. 1937, Chap. 299, and said Department has also approved the source of water supply and the proposed works, in accordance with Section 96 of said Act and that it is necessary in the interest of the public health that the existing water works system should be improved, extended and enlarged, pursuant to Section 104 of the said Act.

AND WHEREAS by Order dated the 19th day of March, 1942, the Ontario Municipal Board has approved the purpose of the said borrowing and the passing of all requisite by-laws, including this debenture by-law:

THEREFORE the Council of the Corporation of the City of Kingston enacts as follows:

1. For the purpose aforesaid the Corporation shall borrow upon the credit of the Corporation a sum not exceeding Two Hundred and Two Thousand Five Hundred Dollars ($202,500.00) and shall issue debentures therefor in sums of not less than $100 each. Each debenture shall bear interest at the rate of three per centum (3%) per annum payable semi-annually and shall have coupons attached thereto for the payment of such interest.

2. All the debentures shall bear the same date, shall be issued at one time and within two years after the day on which this By-law is passed, may bear any date within such two years and shall be made payable in annual instalments during the period of fifteen years next after the date of issue thereof, and the respective amounts of principal and interest payable in each of such years shall be the amounts so designated in Schedule "A" hereto annexed.

3. The debentures shall be payable as to both principal and interest in lawful money of Canada and may be made payable at such place or places in Canada as shall be designated thereon.

4. The said debentures shall be sealed with the seal of the Corporation and signed by the head of the Council, or by some other person authorized by by-law to sign the same, and by the Treasurer. The said interest coupons shall be signed by the Treasurer and his signature thereon may be written, stamped, lithographed or engraved.

5. Commencing in the year 1943 and thereafter in each year in which an instalment of principal of the said debt and interest become due, the Corporation shall levy and raise the specific sum shown for the respective year in the fourth column of the said schedule. Such sum shall be levied and raised by a special rate sufficient therefor, over and above all other rates, upon all the rateable property in the Municipality.

6. The said debentures may contain a clause providing for the registration thereof pursuant to Section 336 of The Municipal Act.

7. Pending the sale of the said debentures, the head of the Council and the Treasurer may raise for the purpose aforesaid by way of loan on such debentures any sum or sums of money not exceeding in all the sum hereby authorized to be borrowed and may hypothecate such debentures for such loan.

BY-LAW NO. 195

A BY-LAW to provide for borrowing $37,000 upon debentures of the Corporation of the City of Kingston for funding of floating indebtedness of the Waterworks Department.

Passed March 23rd, 1942.

WHEREAS the Public Utilities of the City of Kingston has incurred certain floating indebtedness to meet the costs of extensions and improvements made in its control and operation of the Water Works Department:

AND WHEREAS it is deemed advisable for the Corporation to issue debentures to the total amount of Thirty-seven Thousand Dollars, bearing interest at the rate of 2½ per cent. per annum, and maturing in five equal instalments to cover part of the expenditures so made:

AND WHEREAS the said sum of $37,000 is the amount of debt intended to be created by this By-Law:

AND WHEREAS the amount of the whole rateable property of the Municipality according to the last revised Assessment Roll is $20,212,119:

AND WHEREAS the amount of the existing debenture debt of the Municipality, exclusive of local improvement debts secured by special rates or assessments, is $2,093,331.69, and no part of the principal or interest is in arrears.

AND WHEREAS by Order No. P.F.B-948 the Ontario Municipal Board has authorized the issue of the Corporation of the City of Kingston of debentures to the amount of $37,000 under the provisions of Section 59(d) and Sec. 70 of the Ontario Municipal Board Act, R.S.O. 1937, to pay the said indebtedness, upon the terms herein set out.

NOW THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. That for the purpose aforesaid there shall be borrowed on the credit of the Corporation at large the said sum of

$37,000 and debentures shall be issued therefor in amounts of not less than $100 each, and said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and Treasurer thereof.

2. The said debentures shall be dated the first day of April, 1941, and shall be payable in five annual instalments during the five years next after said date, as set forth in Schedule "A" attached to and forming part of this By-Law.

3. The said debentures shall bear interest at the rate of 2½% per annum, which interest shall be payable half-yearly on the first day of the months of May and October, in each year at the office of the said Treasurer, in the said City of Kingston, and the said debentures shall have interest coupons attached to them which shall be signed by the said Treasurer, whose signature may be written, stamped, lithographed or engraved.

4. During the currency of the debentures there shall be raised in each year the amount of the instalment of principal and interest payable in that year, as set forth in the said Schedule hereunto annexed marked "A", and the said sums making together the annual amounts therein set out shall be raised, levied and collected in each year during a period of five years by an annual special rate sufficient therefor in addition to all other rates to be levied on all the rateable property in the municipality at the same time and in the same manner as other rates.

This By-Law shall take effect on the day of the final passing thereof.

Ald. Curtis presented report No. 33 from the Committee on Finance and Accounts as follows:

Kingston, April 2nd, 1942.

To the Mayor and Members of the City Council:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That a grant of $50.00 be made to the Kingston Midget Hockey Team and that this expenditure be charged against Finance and Accounts "Sundries."

2. That the Deputy Clerk-Treasurer be authorized to pay the grants as listed in the 1942 Budget after the first tax payment date upon application by those to whom the grants were allotted.

3. That the Corporation make a grant of $1013.88 to the widow of the late Charles Brown, an employee of the Kingston Fire Department for the past twenty-four years, said grant being based on the calculation set out in the resolution contained in Report No. 83 of the Minutes of City Council, 1937, and that this expenditure be charged against the appropriation "Superannuation."

4. That debentures authorized under the following By-laws be issued as of April 1st, 1942:

By-law No. 157—Purchase of Public Park	$10,000
By-law No. 191—Purchase of Queen's Athletic Field for School Purposes	12,000
By-law No. 195—Funding of Floating Indebtedness of Waterworks Department	37,000

5. That the tender of Jackson Press for the printing of debentures in the amount of $2.00 per debenture be accepted, being the lowest tender received.

6. That the petition of M. I. Beauchamp and others for the construction of a concrete walk on Napier Street, east side, from Johnson Street to Brock Street, as a local improvement, be granted, and that a By-law be presented and given two readings at a meeting of City Council to be held April 7th, 1942.

7. That the petition of Edward R. Muir and others for the construction of a concrete walk on Helen Street, east side as a local improvement, be granted, and that a By-law be presented and given two readings at a meeting of City Council to be held April 7th, 1942.

UNFINISHED BUSINESS

Ald. McNevin submitted figures on the sale of soft drinks in the Island Market, and contended that since the distributors had of necessity to ration the retailers that any increase in the sale of such drinks in the Island Market and at Lake Ontario Park would mean a reduction in the allotment by the distributors to merchants in the city.

Ald. Casterton stated that men employed by the Hydro Electric Power Commission in repairing the power lines on Montreal Street were trimming the trees in an indiscriminate manner. He also stated that carters and truckers drawing garbage and refuse to the city dump frequently caused considerable inconvenience and annoyance to the residents on the streets leading to the dump by permitting the contents of the trucks to fall on the city streets.

3. The debentures as to both principal and interest may be expressed in Canadian currency and may be payable at any place or places in Canada.

4. The Mayor and the Treasurer of the Corporation shall sign and issue the debentures which shall be sealed with the seal of the Corporation.

5. The said debentures shall be payable in five annual instalments during the five years next after said date, as set forth in the above schedule marked "A".

6. The said debentures shall bear interest at the rate of 2½% per annum, which interest shall be payable half-yearly in each year at the office of the said Treasurer, in the said City of Kingston, and the said debentures shall have interest coupons attached to them which shall be signed by the said Treasurer, whose signature may be written, stamped, lithographed or engraved.

7. During the currency of the debentures there shall be raised in each year the amount of the instalment of principal and interest payable in that year, as set forth in the said Schedule marked "A" herein set out, and the said sums making together the annual amounts therin set out shall be raised, levied and collected in each year during a period of five years by an annual special rate sufficient therefor in addition to all other rates to be levied on all the rateable property in the Municipality at the same time and in the same manner as other rates.

8. The debentures may contain any clause providing for the registration thereof, authorized by any statute relating to Municipal debentures in force at the time of the issue thereof.

9. The amount of the loan authorized by this By-law may be consolidated with the amount of any loans authorized by other By-laws, by including the same with such other loans in a consolidating By-law authorizing the borrowing of the aggregate thereof as one loan, and the issue of debentures for such loan in one consecutive issue, pursuant to the provision of the statute in that behalf.

This By-law shall take effect on the day of the final passing thereof.

BY-LAW NO. 197

A By-law to Amend By-law No. 184, "A By-law for the Zoning of the City of Kingston."

Passed April 7th, 1942.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. By-law No 184, "A By-law for the Zoning of the City of Kingston" is hereby amended as follows:

Section 2.6 is amended by the addition to Clause (b) of the opening words, "Subject to Clauses (d) and (e) of this Article," and by the addition of the two following Clauses:

"(d) The six feet of clearance mentioned in Clause (b) may be reduced to four feet with respect to lots or parcels which comply with any one or more of the following provisoes and conditions:

(I) Provided such lot is an interior lot having a width of less than 40 feet and has been laid out on a plan registered prior to March 31st, 1942.

(II) Provided such parcel is an interior parcel of land having a frontage of less than 40 feet and has been sold as such and the deed registered thereof before March 31st, 1942.

(III) Provided such parcel is an interior parcel of land having a frontage of less than 40 feet and is the balance of a larger parcel, retained by an owner who has deeded away the remaining portions of said larger parcel by a deed or deeds registered before March 31st, 1942.

(IV) Provided such parcel is an interior parcel of land having a frontage of less than 40 feet and is the balance of a larger parcel retained by an owner who has built on the remaining portions of the larger parcel, prior to March 31st, 1942.

(V) Provided such lot is an interior lot having a width of less than 40 feet upon which a building built prior to March 31st, 1942, has been subsequently destroyed or demolished."

"(e) Nothing in this article shall preclude the insertion in any wall of windows which are designed for ornament and whose area is excluded in computing the window requirements of the Building Code."

Section 9.2.7 is amended by striking out Clause (b) and substituting in lieu thereof the following:

"(b) No accessory building shall be located within two feet of the line of the lot on which it is erected or within four feet of any window or door of the main building to which it is necessary."

Section 9.3.2 is amended by striking out the words "subject to the legal rights of the owner respecting the use of land at the time of the passing of this By-law," and that the following new Clause be added:

'9.3.4 General. Provided, however, that the three next preceding clauses shall be subject to the legal rights of the owner respecting the use of land at the time of the passing of this By-law."

Section 10.24 is struck out and the following Clause substituted in lieu thereof:

"10.24. "Lane shall include any passageway other than a street, which is open to the public, and any private right of way."

2. By-law No. 31 of the year 1930 as amended by By-law No. 18 of the year 1931 is hereby repealed.

This By-law shall come into force and take effect upon its passing.

Schedule of Use Zones.

BY-LAW NO. 184

(As Amended by By-Law No. 197)

A BY-LAW for the Zoning of the City of Kingston.

Passed December 15th, 1941.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

Section 1 — General

1. 1. Scope of this By-Law.

Within the City of Kingston, no dwelling, business, trade or industry shall be located, nor shall any building or structure be erected, altered or used, nor shall any land be used, except in conformity with the regulations of this By-law.

1. 2. Use Zones.

For the purposes of this By-law the municipality is hereby divided into "USE ZONES". The boundaries of these zones are particularly described in the Schedule of Use Zones annexed hereto and which is hereby declared to form part of this By-law.

Should any territory be added to the City at any time hereafter, such territory shall form part of the most restricted Zone which it adjoins until otherwise provided by By-law.

1. 3. Classification of Use Zones.

The Use Zones are:

A. One-family dwelling and two-family dwelling zone.
B. Four-family dwelling zone.
C. Multiple-family dwelling zone.
D. Commercial and light industrial zone.
E. Heavy industrial zone.

For purposes of reference, Zones A, B and C may be referred to as residential zones and zones D and E as commercial and industrial zones.

Section 2 — General Regulations Governing Zone "A"

2. 1. General.

Except as hereinafter provided, all structures and parts thereof erected or altered in Zone "A" shall conform to the regulations of this section.

2. 2. Permissable Uses.

No building or part thereof and no land shall be used for purposes other than:

(a) A one-family dwelling.

(b) A two-family dwelling.

(c) An accessory building.

(d) A library, an art gallery or a museum.

(e) A park (including open-air swimming pools and usual park buildings).

(f) A playground.

(g) A bowling green or a tennis court (including club-houses appurtenant).

(h) A public or private day school, a university building.

(i) An office or consulting room for use by a physician, a dentist, or other professional person when located in or accessory to his residence.

(j) Churches of a suitable architecture, and not more than fifty per cent of lot occupancy.

2. 3. Exception.

The foregoing article shall not preclude the conversion of a one-family residence which is in existence at the date on which this by-law comes into effect, into not more than four self-contained housekeeping units.

2. 4. Line of Setback.

(a) Subject to Clauses (b) and (c) of this Article, no building or part thereof shall be so situated on the lot that any such part except eaves or uncovered steps will be closer to the street line than fifteen feet.

(b) Where the adjacent buildings have been built less than fifteen feet from the street line, new buildings may conform to the line thus established.

(c) Where the adjacent buildings have been built more than fifteen feet from the street line, new buildings must conform to the line thus established.

2. 5. Rear Yards.

(a) Subject to Clause (b) of this Article, a rear yard shall be provided having a depth such that the distance from the rear lot line to any wall of the main building that is nearest to such line, will not be less than the height of such rear wall, provided that in no case shall such distance be less than twenty-five per cent of the lot depth, but need not exceed twenty-five feet.

(b) In computing the depth of the rear yard of any building on a lot which has a lane extending across the rear thereof, one-half of the width of such lane may be deemed to be a portion of such lot.

2. 6. Side Yards.

(a) Subject to Clauses (b) and (c) of this Article a side yard shall be provided on each side of the main building. The minimum width of each such side yard shall be two feet, provided that the aggregate width shall not be less than three-tenths of the width of the lot but need not exceed twelve feet.

(b) Subject to Clauses (d) and (e) of this Article a clear space of at least six feet shall be provided between any wall containing a window or windows and the nearest lot or property line.

(c) In computing the width of a side yard of any building, on a lot which has a lane at the side, one-half of the width of such lane adjacent and opposite to such side yard may be deemed to be a portion of that lot.

(d) The six feet of clearance mentioned in Clause (b) may be reduced to four feet with respect to lots or parcels which comply with any one or more of the following provisoes and conditions:—

(i) Provided such lot is an interior lot having a width of less than 40 feet and has been laid out on a plan registered prior to March 31st, 1942.

(ii) Provided such parcel is an interior parcel of land having a frontage of less than 40 feet and has been sold as such and the deed registered thereof before March 31st, 1942.

(iii) Provided such parcel is an interior parcel of land having a frontage of less than 40 feet and is the balance of a larger parcel, retained by an owner who has deeded away the remaining portions of said larger parcel by a deed or deeds registered before March 31st, 1942.

(iv) Provided such parcel is an interior parcel of land having a frontage of less than 40 feet and is the balance of a larger parcel retained by an owner who has built on the remaining portions of the larger parcel, prior to March 31st, 1942.

(v) Provided such lot is an interior lot having a width of less than 40 feet upon which a building built prior to March 31st, 1942 has been subsequently destroyed or demolished.

(e) Nothing in this article shall preclude the insertion in any wall of windows which are designed for ornament and whose area is excluded in computing the window requirements of the Building Code.

2. 7. Courts.

The least horizontal dimension of any court shall not be less than the height of such court.

2. 8. Air Wells.

Air wells are prohibited.

Section 3 — Regulations Governing One-Family Dwellings in Zone "A"

3. 1. Except as hereinafter provided, all one-family dwellings erected or altered in Zone "A" shall conform to the regulations of this section.

3. 2. Height.

The height of any building shall not exceed thirty-five feet, nor shall it exceed the width of the lot on which it is situated.

3. 3. Percentage of lot occupancy.

(a) Subject to Clause (b) of this Article no building shall occupy more than thirty-three per cent of the area of the lot on which it is situated.

(b) In computing the percentage of lot occupancy for any building on a lot which has a lane on the side or rear thereof, one-half of the area of that portion of the lane adjacent and opposite to such lot, not exceeding in any case ten per cent of the area of the lot proper, may be deemed to be a portion of that lot.

3. 4. Value.

No building shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than four thousand dollars ($4000.00).

3. 5. Accessory Buildings.

The total area of accessory buildings shall not exceed eight per cent of the area of the lot. Such buildings shall not exceed one storey in height above the yard level, and shall be located in the rear yard of the building to which they are accessory.

Section 4 — Regulations Governing Two-Family Dwellings in Zone "A"

4. 1. Except as hereinafter provided, all two-family dwellings erected or altered in Zone "A" shall conform to the regulations of this section.

4. 2. Height.

The height of any building shall not exceed forty feet, nor shall it exceed twice the horizontal distance from the centre of the street upon which the building fronts to the face of the street wall fronting upon such street.

4. 3. Percentage of lot occupancy.

(a) Subject to Clause (b) of this Article, no building shall occupy more than fifty per cent of the area of the lot upon which it is situated.

(b) In computing the percentage of lot occupancy for any building on a lot which has a lane on the side or rear thereof, one-half of the area of that portion of the lane adjacent and opposite to such lot not exceeding in any case ten per cent of the area of the lot proper, may be deemed to be a portion of that lot.

4. 4. Value.

No building shall be erected to cost, as determined by fair building standards, and exclusive of the cost of the lot on which it is erected, less than Thirty-Five Hundred Dollars ($3,500.00) per dwelling unit.

4. 5. Accessory Buildings.

The total area of accessory buildings shall not exceed ten per cent of the area of the lot. Such buildings shall not exceed one storey in height above the yard level, and shall be located in the rear yard of the building to which they are accessory.

Section 5 — Regulations Governing Zone "B"

5. 1. General.

Except as hereinafter provided, all structures and parts thereof erected or altered in Zone "B" shall conform to the regulations of this Section.

5. 2. Permissible Uses.

No building or part thereof and no land shall be used for purposes other than:

(a) Those permissible within Zone "A" and which conform to the regulations controlling use, areas and heights specified in Sections 2, 3, and 4.

(b) A four-family dwelling.

(c) A boarding house.

(d) A rooming house or residential hotel.

(e) A church, a community hall or parish hall.

(f) A club house.

(g) A hospital, a sanatorium, or an institution for philanthropic or charitable uses, other than correctional uses, and other than for the treatment of inebriates or persons suffering from insanity or other mental disease, infectious disease, or contagious disease.

(h) A lay or religious fraternity house or boarding house where occupied by students, used exclusively for purposes of habitation or congregational meetings and supervised by the authorities of a public educational institution.

(i) A fraternal organization or similar institution of a public character.

5. 3. Value.

(a) No one-family dwelling shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than three thousand dollars ($3,000.00).

(b) No two-family dwelling shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than twenty-five hundred dollars per dwelling unit.

(c) No four-family dwelling shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than twenty-five hundred dollars per dwelling unit.

5. 4. Height.

The height of any building shall not exceed forty feet, nor shall it exceed twice the horizontal distance from the centre of the street upon which the building fronts to the face of the street wall fronting upon such street.

5. 5. Percentage of lot occupancy.

(a) Subject to Clause (b) of this Article, no building shall occupy more than fifty per cent of the area of the lot upon which it is situated.

(b) In computing the percentage of lot occupancy for any building on a lot which has a lane on the side or rear thereof, one-half of the area of that portion of the lane adjacent and opposite to such lot not exceeding in any case ten per cent. of the area of the lot proper, may be deemed to be a portion of that lot.

5. 6. Accessory Buildings.

The total area of accessory buildings shall not exceed ten per cent of the area of the lot. Such buildings shall not exceed one storey in height above the yard level, and shall be located in the rear yard of the building to which they are accessory.

5. 7. Line of Setback.

(a) Subject to Clauses (b) and (c) of this Article no building or part thereof shall be so situated on the lot that any such part except eaves or uncovered steps will be closer to the street line than fifteen feet.

(b) Where the adjacent buildings have been built less than fifteen feet from the street line, new buildings may conform to the line thus established.

(c) Where the adjacent buildings have been built more than fifteen feet from the street line new buildings must conform to the line thus established.

5. 8. Rear Yards.

(a) Subject to Clause (b) of this Article, a rear yard shall be provided having a depth such that the distance from the rear lot line to any wall of the main building that is nearest to such line will not be less than the height of such rear wall, provided that in no case shall such distance be less than twenty-five per cent of the lot depth, but need not exceed twenty-five feet.

(b) In computing the depth of the rear yard of any building on a lot which has a lane extending across the rear thereof one-half of the width of such lane may be deemed to be a portion of such lot.

5. 9. Side Yards.

(a) Subject to Clauses (b) and (c) of this Article a side yard shall be provided on each side of the main building. The minimum width of each such side yard shall be two feet, provided that the aggregate width shall not be less than three-tenths of the width of the lot but need not exceed twelve feet.

(b) A clear space of at least six feet shall be provided between any wall containing a window or windows and the nearest lot or property line.

(c) In computing the width of a side yard of any building on a lot which has a lane at the side one-half of the width of such lane adjacent and opposite to such side yard may be deemed to be a portion of that lot.

5. 10. Courts.

The least horizontal dimension of any court shall not be less than the height of such court.

5. 11. Air Wells.

Air wells are prohibited.

Section 6 — Regulations Governing Zone "C"

6. 1. General.

Except as hereinafter provided, all structures and parts thereof erected or altered in Zone "C" shall conform to the regulations of this Section.

6. 2. Permissible Uses.

No building or part thereof and no land shall be used for purposes other than:

(a) Those permissible within Zones "A" and "B" and which conform to the regulations controlling use, areas and heights specified for the most restricted zone in which they are permissible; provided that a church erected in Zone "C", "D" or "E" shall conform with the height regulations of the district in which it is erected and not with the regulations of Section 5(4).

(b) A multiple-family dwelling.

(c) A retail store or shop.

6. 3. Value.

(a) No one-family dwelling shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than three thousand dollars ($3,000.00).

(b) No two-family dwelling shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than two thousand five hundred dollars per dwelling unit.

(c) No four-family dwelling shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than two thousand five hundred dollars per dwelling unit.

6. 4. Height.

(a) Subject to Clause (b), the height of any building shall not exceed twice the horizontal distance from the centre of the street upon which the building fronts to the face of the street wall fronting upon such street.

(b) The upper part of a building may be erected or altered to a height in excess of that determined by the next preceding regulation, provided that such excess height shall lie within the angle contained between a horizontal plane at the street curb level and a line extending from the junction of such plane with the centre of the street upon which the building fronts, and intersecting the prescribed line of minimum setback at a height equal to the total width of the street.

6. 5. Percentage of Lot Occupancy.

(a) Subject to Clause (b), no building shall occupy more than sixty per cent of the area of the lot upon which it is situated if an interior lot, nor more than seventy-five per cent of the area if a corner lot.

(b) In computing the percentage of lot occupancy for any building on a lot which has a lane on the side or rear thereof, one-half of the area of that portion of the lane adjacent and opposite to such lot, not exceeding in any case ten per cent of the area of the lot proper, may be deemed to be a portion of that lot.

6. 6. Accessory Buildings.

The total area of accessory buildings shall not exceed ten per cent of the area of the lot. Such buildings shall not exceed one storey in height above the yard level, and shall be located in the rear yard of the building to which they are accessory.

6. 7. Line of Setback.

(a) Subject to Clauses (b) and (c) of this Article, no building or part thereof shall be so situated on the lot that any such part except eaves or uncovered steps will be closer to the street line than fifteen feet.

(b) Where the adjacent buildings have been built less than fifteen feet from the street line new buildings may conform to the line thus established.

(c) Where the adjacent buildings have been built more than fifteen feet from the street line new buildings must conform to the line thus established.

6. 8. Rear Yards.

(a) Subject to Clause (b), rear yard shall be provided having a depth such that the distance from the rear lot line to any wall of the main building that is nearest to such line will not be less than one-half of the height of such rear wall, provided that in no case shall such distance be less than twenty feet.

(b) In computing the depth of the rear yard of any building on a lot which has a lane extending across the rear thereof, one-half of the width of such lane may be deemed to be a portion of such lot.

6. 9. Side Yards.

(a) Subject to Clause (b), a side yard shall be provided on each side of the main building, the minimum width of which shall be eight feet for a two-storey building. This width shall be increased by two feet for each storey in height above the second storey, but in no instance need it exceed fifteen feet, except that when the length of any side yard is in excess of fifty feet, the required width shall be increased by at least one inch for every foot by which such length exceeds fifty feet.

(b) In computing the width of a side yard of any building on a lot which has a lane at the side, one-half of the width of such lane adjacent and opposite to such side yard may be deemed to be a portion of that lot.

6. 10. Courts.

The least horizontal dimension of any court shall not be less than the height of such court.

6. 11. Air Wells.

The cross-sectional area of any air well shall not be less than 100 sq. ft. When a well is in excess of two storeys in height, this area shall be increased throughout by ten per cent for each storey above the second. Air wells shall be ventilated at their lowest level by a free air inlet and at their extreme height by a free air outlet, each of which shall have a minimum free cross-sectional area equivalent to ten per cent of the minimum cross-sectional area of the well, and shall be installed in such a manner as to ensure a free and continuous current of air.

Section 7 — Regulations Governing Zone "D"

7. 1. General.

Except as hereinafter provided, all structures and parts thereof erected or altered in Zone "D" shall conform to the regulations of this Section.

7. 2. Permissible Uses.

No building or part thereof and no land shall be used for purposes other than:

(a) Those permissible within Zones "A", "B", and "C" and which conform to the regulations controlling use, areas and heights specified for the most restricted zone in which they are permissible.

(b) An office for or in connection with a business or profession.

(c) A motor service station.

(d) A bank.

(e) A hotel.

(f) An office for the printing or publishing of newspapers.

(g) A sales room or yard for motor vehicles.

(h) An undertaker's establishment.

(i) A restaurant.

(j) A telephone exchange or telegraph office.

(k) An auditorium.

(l) A fire hall, a police station, or municipal or government building.

(m) A theatre, a motion picture theatre, a dance hall, a skating rink, or other like place of amusement, but not including a shooting gallery, a merry-go-round or any other occupancy likely to constitute a public nuisance.

(n) A wholesale or storage warehouse.

(o) An electrical substation.

(p) A public garage.

(q) A bill board for advertising purposes.

(r) A light industry.

7. 3. Value.

No dwelling shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than two thousand dollars ($2,000).

7. 4. Height.

(a) Subject to (b), the height of any building shall not exceed twice the horizontal distance from the centre of the street upon which the building fronts to the face of the wall of the building fronting upon such street.

(b) The upper part of a building may be erected or altered to a height in excess of that determined by the immediately preceding regulation, provided that such excess height shall be within the angle contained between a horizontal plane at the street curb level and a line extending from the junction of such plane with the centre of the street upon which the building fronts and intersecting the prescribed line of minimum setback at a height equal to the total width of the street.

7. 5. Percentage of Lot Occupancy.

Any building may occupy one hundred per cent of the area of the lot subject to the provisions of the building code.

7. 6. Inner Courts.

The least horizontal dimension of any inner court shall not be less than one-half the height of such court.

7. 7. Outer Courts.

The width of any outer court shall not be less than one-third of the height of such court, provided that it need not exceed the length; nor shall the length of the side walls forming such court be more than the height of such walls.

7. 8. Air Wells.

The cross-sectional area of any air well shall not be less than 100 sq. ft. When an air well is in excess of two storeys in height, this area shall be increased throughout by ten per cent for each storey above the second. Any air well shall be ventilated at its lowest level by a free air inlet and at its extreme height by a free air outlet, each of which shall have a minimum free cross-sectional area equivalent to ten per cent of the minimum cross-sectional area of the well, and shall be installed in such a manner as to ensure a free and continuous current of air.

Section 8 — Regulations Governing Heavy Industrial Zone "E"

8. 1. General.

Except as hereinafter provided, all structures and parts thereof erected or altered in Zone "E" shall conform to the regulations of this Section.

8. 2. Permissible Uses.

(a) Subject to the provisions of Clauses (b) and (c), in Zone "E" any structure or part thereof and any land may be used, for any purpose, provided that such use shall be in conformity with existing laws and by-laws, including the regulations herein set forth and that any buildings permissible within Zone "A", Zone "B", Zone "C", or Zone "D" which may be erected within Zone "E" shall conform to the regulations controlling use, areas and heights specified for the most restricted zone in which they are permissible.

(b) No building or part thereof and no land shall be used for any business, trade or industry, which from its nature or the materials used therein, will be dangerous in causing or promoting fires, or which shall emit noxious or offensive fumes, gases, smells, smoke or other nuisance, unless its erection or maintenance has been authorized in accordance with the Public Health Act.

(c) No building or part thereof and no land shall be used as a junk yard anywhere within the city limits.

8. 3. Value.

No dwelling shall be erected to cost, as determined by fair building standards and exclusive of the cost of the lot on which it is erected, less than two thousand dollars ($2,000.00).

8. 4. General Regulations.

All buildings and parts thereof erected or altered in Zone "E" shall conform to the regulations controlling height, percentages of occupancy, set backs, courts and yards set forth in Section 7 of this By-law.

Section 9 — Supplementary Regulations

9. 1. EXCEPTIONS TO HEIGHT REGULATIONS.

9. 1. 1. General.

The height regulations herein set forth shall not apply to church spires, church belfreys, or chimneys, water tanks, elevator enclosures, or pent houses occupying in the aggregate less than ten per cent of the area of the roof of the building on which they are located, nor shall they apply to silos, grain elevators, sugar refineries, scenery lofts, flag or radio poles.

9. 1. 2. Increased Height.

In Zone "C" or Zone "D", the maximum height of a building as authorized herein may be increased by not more than eight feet, if, by so doing, the height of such building will conform to the height of existing buildings on adjacent lots in the same city block and fronting on the same street.

9. 1. 3. Buildings on Corner Lots.

The permissible height of any building on a corner lot at the junction of two streets of unequal width and located in Zone "C", Zone "D", or Zone "E", shall be governed by the width of the wider street.

9. 2. EXCEPTIONS TO AREA REGULATIONS.

9. 2. 1. Reduction of Lot Area.

When any part of a lot is required by this By-law to be reserved as an open space it shall continue to be so used regardless of changes in the ownership of such land and shall not be deemed to form a part of an adjacent lot for the purpose of computing the area thereof available for building purposes.

9. 2. 2. Air Wells.

Air wells or shafts shall not be considered as open spaces in computing the percentage of lot occupancy, nor shall any air well or shaft be constructed or used except for the purpose of lighting or ventilating an accessory room.

9. 2. 3. Avoidance of Obstructions in Court and Yard Areas.

The area of a court or yard at any level shall be open and unobstructed above such level, except for parapets, window sills, belt courses, cornices, and other ornamental features, projecting not more than four inches from the walls bounding such court or yard; or for drop awnings; or for clothes poles, garden trellises or similar accessories; provided that, subject to Item 9. 2. 7. permissible accessory buildings may be located on the ground level of an outer court opening on a rear yard if the distance of any such building from any wall of such court is not less than the height of such building.

9. 2. 4. Rear Yard Equivalents.

When in Zone “A”, Zone “B” or Zone “C” the shape of a lot is such that it does not permit of a rear yard having the dimensions required by this By-law, there may be substituted for such rear yard, an equal area, located between the main building and the side lot line, provided that there shall be, at any point, a distance of not less than ten feet between any rear wall of such building and the rear lot line, and that such substituted area, and the side yard on that side of the building opposite to it, shall be subject to the provisions of this By-law controlling rear and side yards and the walls facing thereon.

9. 2. 5. Height Additions to Existing Building as Affecting Areas.

If it is proposed that an additional storey or storeys be added to a building existing at the date of enactment of this By-law, and if the existing court or yard areas would not, after the construction of the additional storey or storeys, conform to the requirements of this By-law, the dimensions of such yards or courts shall be increased at the level of the top of the existing yard or court walls, and shall be of the dimensions at such heights as are prescribed in this By-law, provided that this article shall not prohibit an existing elevator or stair enclosure from being carried up to the additional height.

9. 2. 6. Side Yards of Institutions in Zone "A", Zone "B", and Zone "C".

When educational, religious, governmental, public service and such similar public or semi-public buildings are permitted in Zone "A", Zone "B", or Zone "C", side yards shall be provided on each side, other than on a street, each having a width of not less than one-half of the height of such buildings, and the other area provisions of the use zone in which they are located shall be observed.

9. 2. 7. Accessory Buildings.

(a) Subject to (b), in Zone "A", Zone "B", or Zone "C", a private garage may be located in any side yard provided that such garage shall then be subject to the same restrictions respecting setback as the building which it serves.

(b) No accessory building shall be located within two feet of the line of the lot on which it is erected or within four feet of any window or door of the main building to which it is necessary.

In the case of a corner lot at the rear of which (whether a lane intervenes or not) there is a lot restricted to residential purposes fronting on a street which flanks such corner lot, any accessory building erected upon such corner lot shall be located in such a manner that no part of it shall be nearer the street line of the flanking street than the distance prescribed as a setback line for the lot so in the rear.

9. 3. NON-CONFORMING USES.

9. 3. 1. Existing Structures.

Subject to Item 9. 3. 2. a building, which, at the date of enactment of this By-law, is used for a purpose not permissible within the district in which it is located, shall not be enlarged, extended, reconstructed, or altered structurally, unless such building is thereafter to be used for a purpose permitted within such district, provided that the interior of such building may be reconstructed or altered, in order to render the same more convenient or commodious for the same purpose for which, at the date of enactment of this By-law, such building is used.

9. 3. 2. Partial Destruction of Existing Buildings.

A building which is damaged to the extent of fifty per cent or more of its value (exclusive of walls below grade) as at the date of the damage and as determined by fair building standards, and which does not conform with the requirements of this By-law in respect of use, lot occupancy or height, shall not be restored except in conformity with the regulations for the use zone in which such building is located.

9. 3. 3. Extension of Non-Conforming Uses.

Any use made of buildings or lands at the date of enactment of this By-law may be continued, although not conforming with the regulations of the use zone in which they are located, or such use may be extended throughout the building, provided, in either case, that no structural alterations, other than those provided in Item 9. 3. 1., or as may be required by existing law or by-law, are made therein, and that no new building or extension to such building is erected.

9. 3. 4. General

Provided, however, that the three next preceeding clauses shall be subject to the legal rights of the owner respecting the use of land at the time of the passing of this By-law.

9. 4. GENERAL.

9. 4. 1. Vacant Buildings.

Any building, vacant at the time of the enactment of this By-law, shall be classified according to its previous use, and shall be so designated in the records and use charts.

9. 4. 2. Dwellings.

(a) Subject to Clause (c), no building fronting upon a lane shall be erected or altered for use as a dwelling.

(b) No building shall be erected or altered at the rear of any other building on the same lot, or in front of any other building on the same lot in such a manner as to produce the condition of a dwelling located in the rear of any other building and not fronting the street.

(c) Notwithstanding the provisions of Clauses (a) and (b), dwelling accommodation may be provided above a private garage for the accommodation of a chauffeur or other domestic employee and his or her family, although such garage is located in the rear of another building, provided that such building is located in Zone "A", Zone "B", or Zone "C" only, and that the employer of the said chauffeur or other domestic employee is resident within such other building.

9. 4. 3. Line of Setback — Corner Lots.

In Zone "A", Zone "B" and Zone "C", corner lots existing at the time of enactment of this By-law shall be subject to setback regulations on the two streets on which they abut.

9. 4. 4. Structures on Unsubdivided Land.

When it is proposed to erect a building upon any unsubdivided block or parcel of land there shall be indicated upon the block plan submitted with the application for a building permit such areas as are required by this By-law to be reserved as yards or courts according to the proposed use and classification of such building. These areas shall be preserved in the event of building occupancy of the immediately adjacent land.

9. 4. 5. Institutional Buildings in Zone "A", Zone "B" and Zone "C".

Educational, religious, municipal, governmental, public service and such similar public or semi-public buildings permitted in Zone "A", Zone "B" or Zone "C" shall, subject to the provisions of Item 9. 2. 6. be subject to the area, height and interval regulations governing the zone within which they are located.

Section 10 — Definitions

10. 1. General

The word "occupied" shall include "designed or intended to be occupied"; the word "used" shall include "arranged," designed or intended to be used.

10. 2. Basement

"Basement" shall mean that portion of a building between two floor levels which is partly underground but which has at least one-half of its height above the mean elevation of the ground adjoining its exterior walls.

10. 3. Building

"Building" shall mean a structure having a roof supported by columns or walls, and used for the shelter or accommodation of persons, animals or chattels.

10. 4. Building, Accessory

"Accessory building" shall mean a subordinate detached building designed or intended for the better or more convenient enjoyment of the main building to which it is accessory, and located upon the lot upon which such main building is or is intended to be erected, and shall include a private garage, where such garage does not form part of the main building.

10. 5. Building, Front of

"Front of building" shall mean in general that wall of a building which is nearest the street; when set-back regulations are applicable, "front of building" shall mean that wall of the building which fronts upon the street on which the setback is applicable.

10. 6. Building, Height of.

"Height of building" shall mean the perpendicular distance measured from the average finished grade level to the highest point of the roof joists in the case of flat roofs or to the point half-way up the roof in the case of pitched roofs. Where the height is designated in terms of storeys, it shall mean the designated number of storeys above and including the first storey, an attic counting as a full storey.

10. 7. Cellar

"Cellar" shall mean that portion of a building between two floor levels which is partly or completely underground and which has more than one-half of its height below the mean elevation of the ground adjoining its exterior walls.

10. 8. Court, Height of

"Height of court" shall mean the vertical distance from the lowest level of such court to the highest point of any bounding wall. Where the court bottom is the roof of any lower storey of a building, which lower storey contains rooms intended for human use, and a skylight or other opening forming the sole lighting or ventilating medium is provided therein for such rooms, the height of the court shall be measured from the floor level of the lowest storey so receiving light or ventilation from such skylight or opening to the highest point of any bounding wall.

10. 9. Court, Inner

"Inner court" shall mean an open space, unoccupied from the ground to the sky or from an intermediate floor to the sky, located on the same lot with the building which it serves, and enclosed on all sides by walls or by walls and the line of an adjoining lot or lots.

10. 10. Court, Length of

"Length of court" shall mean, in the case of an outer court, the mean horizontal distance between the open end and the closed end of the court, and, in the case of an inner court, the greatest mean horizontal dimension of such court.

10. 11. Court, Outer

"Outer court" shall mean an open space, unoccupied from the ground to the sky or from an intermediate floor to the sky, located on the same lot as the building which it serves, enclosed on three sides by walls or by walls and the line of an adjoining lot or lots and extending to or opening upon a street or yard.

10. 12. Court, Width of

"Width of court" shall mean, in the case of an outer court, the mean horizontal distance between the sides of such court, as distinguished from the open and closed ends of the court, and, in the case of an inner court, the least mean horizontal dimension of such court.

10. 13. Dwelling, One-family

"One-family dwelling" shall mean a detached building having independent exterior walls and designed or used exclusively for residence purposes by not more than one person or family.

10. 14. Dwelling, Four-family

"Four-family dwelling" shall mean a building containing four self-contained housekeeping units, constructed in pairs so that one pair is above the other pair, having individual entrances either from the street level or through a common vestibule, and the whole structure having independent exterior walls.

10. 15. Dwelling, Multiple-family

"Multiple-family dwelling" shall mean a building or portion thereof, other than a hotel, designed or occupied as a dwelling for more than four families, or comprising more than four housekeeping units.

10. 16. Dwelling, Two-family

"Two-family dwelling" shall mean a building containing two self-contained housekeeping units, constructed one above the other, having individual entrances either from the street level or through a common vestibule, and the whole structure having independent exterior walls; or, a building containing two self-contained housekeeping units built adjoiningly but not one above the other, and having individual entrances. For the purposes of this definition "two-family dwelling" shall include a duplex house, or a semi-detached house.

10. 17. Garage

"Garage" shall mean any building, space or enclosure in which one or more motor vehicles are stored, kept or repaired.

10. 18. Garage, Public

"Public garage" shall mean any building, space or enclosure, rented for the storing of motor vehicles, or in which the business of storing or repairing of motor vehicles is carried on.

10. 19. Garage, Private.

"Private garage" shall mean any garage not included within the definition of "public garage."

10. 20. Hotel

"Hotel" shall mean a building providing meals and sleeping accommodation to the general public.

10. 21. House, Boarding or Lodging

"Boarding or lodging house" shall mean any building or part thereof in which meals are served for a consideration or rooms are rented to persons other than the lessee, tenant or owner thereof or the members of his family, provided that this definition shall not include any building or part thereof in which meals are supplied or rooms rented to not more than three persons, exclusive of the family of the lessee, tenant or owner thereof, nor to a restaurant, cafe or public dining room.

10. 22. Industry

"Industry" shall mean the business of storing, repairing, manufacturing, fabricating, preparing or treating of any article, substance or commodity whatsoever for profit, and shall include public garages.

10. 23. Light Industry

"Light industry" shall include any industry which is not offensive or likely to be offensive by reason of the emission of noise, smoke, odor or vibration or by reason of the large number of its employees.

10. 24. Lane

"Lane" shall include any passageway other than a street, which is open to the public, and any private right of way.

10. 25. Lot

"Lot" shall include any parcel of land upon which any building is or may be erected whether or not such parcel is more or less than a registered lot.

10. 26. Lot, Corner

"Corner lot" shall mean any lot situated at the junction of two or more streets.

10. 27. Lot, Interior

"Interior lot" shall mean any lot other than a corner lot. The width of a corner lot in excess of fifty feet and the depth in excess of one hundred feet shall be considered to be and shall be treated as an interior lot.

10. 28. Lot Line

"Lot line" shall mean the division line between any two or more lots or between any lot and a lane.

10. 29. Lot, Width of

"Width of lot" shall mean, where the side lot lines are parallel, the distance measured at right angles from such side lot lines across such lot, and, where such side lot lines are not parallel, the mean distance between them.

10. 30. Motor Service Station

"Motor service station" shall mean and include a building or premises, in or from which gasoline, oil or grease is sold for use in motor vehicles, or in which storage batteries are recharged, repaired, or cared for, or in which tires are vulcanized.

10. 31. Percentage of Lot Occupancy

"Percentage of lot occupancy" shall mean that portion of a lot or parcel of land upon which a building is or may be erected in accordance with the provisions of this By-law. In determining such area, that part covered by unsheltered steps, terraces or cornices shall be excluded, but that part covered by a roofed verandah shall be included. For the purpose of determining the percentage of lot occupancy corner lots shall be assumed to have a width of fifty feet and a depth of one hundred feet, any area in excess of these amounts being assumed to be an interior lot and, for the purpose of determining the percentage of lot occupancy, being treated as such.

10. 32. Retail Shop or Store

"Retail shop or store" shall mean and include a building or part thereof in which goods, wares or merchandise are sold or offered for sale directly to the public.

10. 33. Room, Accessory

"Accessory room" shall mean, in any building designed for human habitation, any room other than a living room, and shall include a private hallway, a bathroom, a toilet, a pantry, a private laundry, a private furnace room, or a storage room, but shall not include a sitting room, a dining room, a bedroom, a kitchen, a private studio, or a room used as a consulting room by a professional person.

10. 34. Self-contained

"Self-contained" shall mean, when used in conjunction with a room or suite of rooms, the provision of and inclusion within such room or suite of rooms, for the sole use of the occupants thereof, of the necessary sanitary accommodation essential to such room or suite of rooms, as provided for under the Health Act.

10. 35. Setback or Line of Setback

"Setback or line of setback" shall mean the horizontal distance from the street line measured at right angles to such line, to the face of the street wall. A cornice, retaining wall or a fence shall not be deemed to be a structure or building or part thereof for the purpose of this definition.

10. 36. Storey

"Storey" shall mean that portion of a building other than the cellar or attic, which is situated between the top of any floor and the top of the floor next above it, or, if there be no floor above it, that portion between the top of such floor and the ceiling next above it.

10. 37. Storey, First Floor

"First floor storey" shall mean that storey situated immediately above the cellar or basement, or if there be no cellar or basement, that storey situated first above the grade.

10. 38. Storey, Second Floor

"Second floor storey" shall mean that storey situated immediately above the first floor storey.

10. 39. Storey, Third Floor

"Third floor storey" shall mean that storey situated immediately above the second floor storey.

10. 40. Street

"Street" shall mean a public or common highway which affords principal means of access to abutting property.

10. 41. Street Line

"Street line" shall mean the line dividing a street from a lot.

10. 42. Street, Width of

"Width of street" shall mean the distance or the mean of the distance between the street lines thereof within a block.

10. 43. Structures

"Structure" shall mean any erection fixed to or supported by the soil.

10. 44. Use

"Use" shall mean the purpose for which a building, structure or premises or part thereof is used or occupied, or intended or designed to be used or occupied.

10. 45. Use, Non-conforming

"Non-conforming use" shall mean any use of a building or premises that does not conform to the regulations of the use zone in which such building or premises is located.

10. 46. Wall, Street

"Street wall" shall mean the main wall of a building which fronts upon and is nearest to the street, whether such wall is at or above the level of the ground.

10. 47. Yard

"Yard" shall mean an open space located on the same lot as the building which it serves, unoccupied from the ground to the sky, except for such structures or portions thereof as may be specifically authorized by this By-law, and which extends along the entire length of a lot line or street line.

10. 48. Yard, Depth of Rear

"Depth of rear yard" shall mean the distance or the mean of the distances between the rear wall of the building and the rear lot line.

10. 49. Yard, Rear

"Rear yard" shall mean a yard located between the rear wall of the building served and the rear lot line.

10. 50. Yard, Side

"Side yard" shall mean a yard located between the side wall of the building served and the side lot line, and extending through from the street line into the rear yard.

11. 1. The By-laws and parts of By-laws set out in Schedule A hereto are hereby repealed.

UNFINISHED BUSINESS

Ald. Dalton asked the Mayor if it was the intention of the Plebiscite Committee to endeavour to arrange the attendance of Wing Commander Timmerman at the meeting to be held in Memorial Hall April 22nd. In reply the Mayor stated that it was possible that the attendance of Wing Commander Timmerman might be arranged.

Ald. Dalton suggested that flowers and a letter expressing the wishes of members of City Council for a speedy recovery be sent to Ald. McGlashon.

Ald. Dalton drew the attention of the members of City Council to the persistent acts of vandalism being committed in the City parks and streets. Other members joined in the discussion and on the suggestion of Ald. Stroud the Mayor agreed to bring this matter before the Police Commission.

Mayor Stewart announced that a meeting would be held in Memorial Hall on Wednesday, April 22nd, to encourage an affirmative vote in the coming Plebiscite.

Ald. Stroud referred to the matter of holding dances in Memorial Hall and suggested that this question be settled now rather than be deferred until next fall.

BY-LAWS

Moved by Ald. Nash, seconded by Ald. Charlton (7) that By-law No. 198 be given its third reading, signed and sealed by the Mayor as follows:

BY-LAW NO. 198

A BY-LAW to authorize the construction of a concrete walk on the East side of Napier Street, in the City of Kingston, between Dundas and Mack Streets, as a local improvement, under the provisions of the Local Improvement Act.

Passed April 20th, 1942.

WHEREAS Peter Lee and others have petitioned the Council to construct as a local improvement the work hereinafter described and the Clerk has certified that the petition is sufficient, and

WHEREAS it is expedient to grant the prayer of the petition in manner hereinafter provided:

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the City of Kingston as follows:

1. That a concrete walk be constructed on the East side of Napier Street, in the City of Kingston, between Dundas and Mack Streets, as a local improvement, under the provisions of the Local Improvement Act.

2. That the City Engineer do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of the contract or contracts for the executions of the said work or for the carrying on and executing the work by day labour.

3. That the said work shall be carried on and executed under the superintendence and according to the instructions and orders of such Engineer.

4. That the Mayor and Clerk are authorized to cause a contract or contracts for the construction of the said work to be made and entered into with some person or persons, firms or corporations, subject to the approval of this Council to be declared by resolution, unless this Council decides by resolution to carry on and execute the work by day labor, in which event the work shall be carried on and executed by day labor.

5. The Treasurer may, subject to the approval of Council, agree with any Bank or person for temporary advances of money to meet the cost of the said work, pending the completion thereof.

6. The special assessment in each case shall be paid by ten annual instalments, which is within the lifetime of the said work.

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money By-law to be hereinafter passed by the Council, and to be made payable in annual instalments within ten years.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon

by paying the portion of the cost of construction assessed upon such lots, without interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at three and one-half per cent per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

(Signed) (L.S.)

F. J. PARKER, H. A. STEWART,
Deputy City Clerk. Mayor.

REPORTS

Parks

In accordance with Rule 38, City Council consented to the addition of Clauses 5 and 6 to the Report of Parks Committee which did not appear on the agenda.

Ald. Dalton presented report No. 40 from the Parks Committee as follows:—

Kingston, April 30th, 1942.

To the Mayor and Members of the City Council:

Gentlemen,—The Committee on Parks begs leave to report and recommend as follows:—

1. That necessary improvements to the lighting system in Lake Ontario Park be made under the supervision of the City Engineer at an estimated cost of $300.00, provision for this expenditure having been made in the appropriation, "Cabins, General Expense".

2. That the orchestra of Roy McCormick be engaged for Lake Ontario Park dance pavilion for the 1942 season on the same basis as obtained last year, viz., that the gross receipts from the dances less advertising and ticket taking expenses be divided in the proportion of 60% for the orchestra and 40% for the city, and that the period of engagement of the orchestra be left to the discretion of the Committee on Parks.

3. That the following be named to the Playgrounds Committee for the year 1942, and that the appropriation for Playgrounds in the Budget, Parks—"General", be made available for the expenditures of this committee, and that the accounts of the committee be audited by the City Auditor and passed upon by the Parks Committee before payment:—

UNFINISHED BUSINESS

Ald. Curtis explained that the By-law providing for the institution of an Annuity Plan for Municipal employees and the Restaurant By-law had not been returned from Toronto. It was however expected that these two By-laws would be ready for the next meeting of City Council.

Ald. Curtis also advised the members that the petition for the annexation of the Dovercourt area had been discussed in the Committee on Administration and Legislation but no action had been taken pending clarification of the position with the Wartime Houses.

Ald. Crawford asked that the members of Council be informed of the nature of the differences between the Corporation and the Public Utilities Commission in respect to the surplus of the Water Department.

Ald. Tugwood referred to the petition presented to City Council at its last meeting by the residents in the vicinity of Raglan Road complaining about the unsanitary condition of a house in that district and asked if any action had been taken by the Board of Health. The Mayor advised that steps were being taken to rectify the condition complained of.

Ald. Dalton asked that steps be taken to implement the provisions of city By-laws prohibiting children from riding bicycles in a dangerous manner. Ald. Dalton also suggested that as a means of saving paper the aldermen return the large kraft envelopes in which the agenda is delivered to be used again.

UNFINISHED BUSINESS

Ald. Dalton in further reference to the wilful destruction of property by irresponsible persons stated that in one of the city parks a boy had been seen riding a bicycle over flower beds which had just been completed.

Ald. Tugwood enquired if a full time dog catcher was employed by the city. He was advised that the duties of collection of licences and that of dog catcher were combined.

Ald. Garrigan enquired of the chairman of the Board of Works whether the fountain at the corner of Bagot and Brock Sts. was to be operated this year. In reply the chairman advised that considerable difficulty had been experienced by children placing debris in this fountain.

Ald. McKee suggested that as a means of assisting the housing situation in the city an exemption from taxes for a period of five years be granted on new properties of a valuation under a stated sum. Ald. Curtis in reply statted the city lacked the statutory authority to pass such legislation.

Ald. Casterton thanked the chairman of the Board of Works and the City Engineer in having the quarry on Patrick Street cleaned of all garbage and refuse which had been placed there.

The Clerk reported that the percentage of net current taxes collected on the first instalment amounted to 71.48%, an increase of nearly 2½% over last year.

The Mayor advised the members of city council that his category for gas rationing had been reduced to A-1, and that any change in the present unit might make it difficult to meet all the requirements of his office.

Moved by Ald. de St. Remy, seconded by Ald. Garrigan, (7) that in view of the fact that the Mayor is required to use his personal car constantly in filling the duties of his office, and particularly in view of the added duties at this time owing to war conditions, the Oil Controller be requested to consider the need for the present category of B-1 being continued. — Carried on the following division: For (17), Against (0).

BY-LAWS

Moved by Ald. Curtis, seconded by Ald. Crawford, (8) that Council resolve itself into a committee of the whole for the purpose of giving a By-law to stop up as a highway that portion set aside for a street allowance on the north side of Adelaide Street its second reading.—Carried on the following division: For (17), Against (0).

The By-law was then read a second time, Ald. Dalton in the chair.

Moved by Ald. Curtis, seconded by Ald. Crawford, (9) that Council rise from the committee of the whole and that the chairman report that the By-law has been considered in the committtee of the whole, clause by clause, and has received its second reading.—Carried on the following division: For (17), Against (0).

Moved by Ald. Curtis, seconded by Ald. Dalton, (10) that Rule 32 be suspended for the purpose of giving the By-law its third reading. — Carried on the following division: For (17), Against (0).

Moved by Ald. Curtis, seconded by Ald. Dalton, (11) that By-law No. 205 be given its third reading, signed and sealed by the Mayor as follows:—Carried on the following division: For (17), Against (0).

BY-LAW NO. 205

A BY-LAW to stop up, as a highway, that portion set aside for a street allowance on the north side of Adelaide Street, in the City of Kingston.

Passed June 1st, 1942.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. From and after the final passing of this By-law that portion set aside for a street allowance on the north side of Adelaide Street, in the City of Kingston, hereinafter described, shall be stopped up as a highway and the interest of the Corporation therein sold and conveyed.

The following are particulars of that portion of the said street allowance proposed to be stopped up and sold:

Being composed of that portion lying between lots 20 and 21 and lots 4 and 5 as shown on plan made by T. W. Nash, D.L.S., and registered in the Registry Office for the City of Kingston, November 29th, 1877, as plan B12, said street allowance being indicated on plan as the William Anglin Subdivision.

2. This By-law shall come in force and take effect upon its final passing pursuant to the provisions of The Municipal Act in that behalf.

(Signed) (L.S.)

F. J. PARKER, H. A. STEWART,
Deputy City Clerk. Mayor.

BY-LAW NO. 206

A BY-LAW to authorize the construction of a concrete walk on the west side of Willingdon Avenue between Hill and Union Streets, as a local improvement, under the provisions of the Local Improvement Act.

Passed June 1st, 1942.

WHEREAS J. R. McCullough and others have petitioned the Council to construct as a local improvement the work hereinafter described and the Clerk has certified that the petition is sufficient, and

WHEREAS it is expedient to grant the prayer of the petition in manner hereinafter provided:

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the City of Kingston as follows:

1. That a concrete walk be constructed on the west side of Willingdon Avenue, in the city of Kingston, between Hill and Union Streets, as a local improvement, under the provisions of the Local Improvement Act.

2. That the City Engineer do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of the contract or contracts for the execution of the said work or for the carrying on and executing the work by day labour.

3. That the said work shall be carried on and executed under the superintendence and according to the instructions and orders of such Engineer.

4. That the Mayor and Clerk are authorized to cause a contract or contracts for the construction of the said work to be made and entered into with some person or persons, firms or corporations, subject to the approval of this Council to be declared by resolution, unless this Council decides by resolution to carry on and execute the work by day labour, in which event the work shall be carried on and executed by day labour.

5. The Treasurer may, subject to the approval of Council, agree with any Bank or person for temporary advances of money to meet the cost of the said work, pending the completion thereof.

6. The special assessment in each case shall be paid by ten annual instalments, which is within the lifetime of the said work.

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money By-law to be hereinafter passed by the Council, and to be made payable in annual instalments within ten years.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon

by paying the portion of the cost of construction assessed upon such lots, without interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at three and one-half per cent per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

(Signed) (L.S.)
F. J. PARKER, H. A. STEWART,
Deputy City Clerk. Mayor.

and that with these amendments By-law No. 207 be given its third reading, signed and sealed by the Mayor as follows:—Carried on the following division: For (17), Against (0).

BY-LAW NO. 207

A By-Law to Provide for Licensing and Regulating Restaurants and Lunch Counters in the City of Kingston.

Passed June 15th, 1942.

The Municipal Council of the Corporation of the City of Kingston enacts as follows:—

Prohibit

(1) No person, firm or corporation shall operate or maintain a place where food or drink is served to the public in the City of Kingston unless and until a licence therefor shall have been first obtained from the Inspector of Licences of the City of Kingston.

Fee

(2) a. There shall be the following classes of licences and the annual fee to be paid for each class of licence issued hereunder shall be $20.00.

(i) Restaurant licence,
(ii) Lunch Counter licence.

b. The words "lunch counter" shall mean any premises where food or drink is served to the public but where seating accommodation is provided for not more than ten persons.

c. The word "restaurant" shall include all premises where food or drink is served to the public and where seating accommodation is provided for more than ten persons.

Application for Licence

(3) Application for such licences shall be made in writing to the Clerk-Treasurer on forms to be provided by him and approved of by the Inspector of Licences and by the Medical Officer of Health.

Approval

(4) The Inspector of Licences shall not give approval for any licence until he shall have received a certificate from the Medical Officer of Health that the premises to be occupied by the Licensee for the purpose of serving food or drink to the public have been inspected by him or his representatives and are satisfactory for the purpose and conform to the provisions of this by-law.

Posting of Licence

(5) All licences shall be kept posted in a conspicuous place upon the premises for which they are granted.

Suspension of Licence

(6) Any licence granted hereunder shall be revoked and cancelled at any time by the City Council upon the recommendation of the Inspector of Licences or the Medical Officer of Health.

Booths, etc.

(7) a. There shall be no booths, stalls or private rooms for guests or customers in any such restaurants or lunch counters except that open booths and stalls may be maintained in restaurants but the entrance thereto shall not be screened, curtained or closed to public view.

b. On a conviction for a breach of the above provisions the licence may be revoked by the Council on the recommendation of the Inspector of Licences or the Medical Officer of Health.

Use of Rooms, General Sanitation

(8) All rooms used for the purpose of preparing or storing or serving of foodstuffs in a restaurant or lunch counter shall be used exclusively for that purpose and shall be adequately lighted and ventilated and shall be kept at all times in strictly sanitary condition to the satisfaction of the Medical Officer of Health.

Construction of floors, walls, etc.

(9) All rooms used for the cooking and preparing of foodstuffs shall have floors and walls so constructed as to exclude rats, mice, vermin, etc., and shall be kept in a state of good repair. Floors shall be of hardwood or some non-absorbent material with a smooth surface finish.

Painting

(10) The walls and ceiling in every kitchen shall be painted a light colour with water resisting paint or varnish and shall be kept in a state of cleanliness and in good repair at all times. Rooms shall be repainted at intervals of one year or at such earlier time as may in the opinion of the Medical Officer of Health be necessary.

Kitchen Ventilation

(11) The kitchen in every restaurant or lunch counter shall be properly ventilated, and such ventilation shall be sufficient to remove all the gases and fumes caused by the preparation of foods or the handling of garbage. All odors and smoke from cooking shall be eliminated by means of air shafts, stove domes with ventilating pipe, fans, mechanical ventilators or by other modern and acceptable methods.

Screening

(12) All openings in restaurants or lunch counters shall, from the 1st of May to the 1st of November of each year, be efficiently protected from flies with screens and such other means as may be necessary. All doors communicating with the exterior shall be self-closing.

Sleeping rooms

(13) No sleeping rooms, lavatories or washrooms shall be within the room or rooms used for the preparation or cooking of foods or for the storing of foods, nor shall they communicate directly with such rooms.

Adjacent rooms

(14) If any sleeping places are located on the same floor as the rooms used for the preparation, storage or serving of foodstuffs, such sleeping places shall be adequately ventilated and lighted to the satisfaction of the Medical Officer of Health.

Cloakrooms

(15) All restaurants and lunch counters shall be provided with cloakrooms for the use of the employees, which shall be separate from rooms used for the storing, preparation, or serving of food, etc. No wearing apparel, boots, or shoes, not being worn shall be kept in any kitchen, or any place where food is handled, but shall be kept in the cloakroom provided.

Tables and Counters

(16) Tables and counters in restaurants and lunch counters shall be of such construction as can be maintained in a clean and sanitary condition finished in non-absorbable material of smooth finish and satisfactory to the Medical Officer of Health.

Arrangement

(17) All furniture, equipment and appliances in rooms used for preparing or serving food shall be so arranged and placed as to permit of a ready and easy cleaning on all sides, and all utensils, implements, furniture and other appliances shall be kept and maintained in a clean and sanitary condition.

Dry Sweeping

(18) No dry sweeping shall be permitted in any place where food is stored, prepared or served for human consumption. The use of sawdust on kitchen floors in restaurants or lunch counters or on the floors of any other rooms where foods are manufactured, prepared, kept, cooked, or served is prohibited.

No animals

(19) All restaurants or lunch counters shall be kept, at all times, free from rats, mice, insects, vermin and flies. No dogs or other animals shall be allowed in any restaurant or lunch counter place where food or drink is kept or prepared for the public.

Serviettes

(20) All napkins and serviettes shall be of individual paper type or shall be laundered after being used by any person before being again used by any other person.

Dish cloths

(21) No cloths or towels shall be used for the drying of dishes or cutlery after a reasonable degree of soiling and wetting.

Wiping tables

(22) No cloths or towels shall be used for washing, wiping or drying table or counter tops after a reasonable degree of soiling. In cases of repeated failures to comply with this provision, the Medical Officer of Health may require the use of table cloths or paper serviettes to cover such tables or counters.

Floor washing

(23) The floors in all rooms in restaurants and lunch counters, where food or foodstuffs are stored, prepared, cooked or served, shall be thoroughly cleaned by a method

approved by the Medical Officer of Health or his representative, and as frequently as required.

Cracked dishes

(24) The use of cracked or chipped glasses, crockery, or worn-out utentils or dishes is prohibited in restaurants and lunch counters and the inspectors of the Board of Health are authorized to seize and destroy all such glasses, crockery, utensils and dishes when found on the premises.

Approval of equipment

(25) The utensils, apparatus and equipment in restaurants and lunch counters shall be used exclusively for the storage, preparation, serving of food and shall be kept clean and in good condition at all times. All such utensils and equipment shall be of recognized sanitary design subject to the approval of the Medical Officer of Health or his representatives.

Foods

(26) All foods, beverages and ices must be wholesome and of good quality and must be manufactured, prepared, cooked and served in a clean and sanitary manner.

Seizing food

(27) It shall be unlawful for any person to have in his possession or store in any restaurant or lunch counter any foods or beverages which are unwholesome, decayed, tainted or otherwise unfit for human consumption and any such foodstuffs or beverages may be seized by the Medical Officer of Health or any person or persons authorized by him.

Covering

(28) Cube, granulated or powdered sugar, condiments and all foods shall be kept in covered containers.

Straws

(29) All paper drinking straws for the use of patrons in restaurants or lunch counters or in places where beverages are sold shall be kept in suitable containers so as to protect them from contamination.

Milk

(30) It shall be unlawful for any person to have in his possession in any restaurant or lunch counter any milk ex-

cept pasteurized milk in bottles or approved containers in which it was sealed mechanically at the pasteurization plant.

No milk shall be offered for sale as a beverage in any restaurant or lunch counter except in approved containers or bottles in which such milk was received from the dairy and which were sealed by mechanical process at the dairy in which it was pasteurized.

Protection

(31) All restaurants and lunch counters shall provide in places where foodstuffs are kept, prepared, displayed or served to the public full protection from flies, insects, dirt, dust, handling by the public and any other source of contamination. Wherever possible such foodstuffs shall be protected by glass cases, cellophane or other modern and acceptable means.

Storage

(32) All restaurants and lunch counters shall be provided with a store room or suitable place for the sanitary keeping of foodstuffs or beverages, and no damp, dark or unsanitary cellar shall be used for storing or preparing food or beverages.

Refrigeration

(33) Restaurants and lunch counters shall be provided with proper and adequate refrigerating facilities in which perishable foods and beverages shall be kept and which must be maintained in a clean and sanitary condition at all times, drained in a sanitary manner, installed and operated to the satisfaction of the Medical Officer of Health or person or persons designated by him to inspect the premises. Separate compartments must be maintained for foods with distinctive odors such as fish,, separate from other foods such as butter, milk and cheese, liable to absorb odors.

Garbage

(34) All restaurants and lunch counters shall be equipped with sufficient covered metallic cans for retaining and keeping garbage and waste in a sanitary manner. All such containers shall be washed and disinfected in a manner satisfactory to the Medical Officer of Health and shall be kept at all times in a sanitary condition and shall be kept in such a place and manner as will preclude nuisance and contamina-

tion of the kitchen and any other rooms from odors. All such garbage and refuse must be removed from the premises at least daily.

Toilets

(35) All restaurants shall have washrooms and toilets for the use of the employees and the accommodation of the public. All restaurants shall have at least two toilets, one for male and one for female, plainly designated, and as many additional toilets as may in the opinion of the Medical Officer of Health be necessary.

(36) All lunch counters shall have suitable sanitary washrooms and toilet facilities for the use of the employees and the accommodation of the public. All lunch counters shall provide at least one washroom and toilet or as many additional toilets as may in the opinion of the Medical Officer of Health be necessary.

(37) Washrooms and toilets must not open directly into rooms in which food is prepared or served. All washrooms shall be provided with approved paper towels or individual laundered towels, soap, and hot and cold running water. All such washrooms shall be adequately lighted and ventilated and shall be kept in a clean and sanitary condition at all times. Wash basins and toilets for the use of the public must be thoroughly washed and a suitable disinfecting solution be applied to all surfaces of human contact at least once daily or as often as may in the opinion of the Medical Officer of Health or his representative be necessary. The floors and walls must at all times be kept clean. In places where odors occur a suitable deodorant must be used.

Dishwashing equipment

(38) The kitchen and every room used for the purpose of preparing or cooking food or drink shall be provided with adequate facilities for washing and sterilizing all eating, drinking and cooking utensils used therein or in connection therewith, and shall also be provided with an adequate supply of hot and cold running water. Sinks must be of metal or porcelain construction. There must be at least two sinks and, where required by the Medical Officer of Health, such larger number, either in combination or in single fixture, as required by the Medical Officer of Health.

The sinks used for washing shall be of sufficient depth to permit washing to be done with at least six inches of water and of sufficient length to permit the washing to be done properly.

The sinks used for sterilizing must be not less than 12 inches deep and of sufficient size to permit of the work of sterilizing to be done properly and efficiently, to the satisfaction of the Medical Officer of Health.

Sinks must be securely held in place. All waste pipes and water pipes shall be installed in conformity with the provisions of the plumbing by-law. Each sink shall have a separate trap and a separate vent pipe and be furnished with hot and cold running water.

Dishwashing

(39) The water for washing of eating, drinking and cooking utensils must be at least 120 degrees F. and changed frequently enough to prevent grease forming on the surface of the water or the sides of the sink. An adequate amount of soap or cleansing agent must be used at all times in the wash water.

Sterilization of dishes

(40) All dishes shall be sterilized in a manner satisfactory to the Medical Officer of Health either by immersion in clean boiling water for a period of at least three minutes in a suitable wire basket or by the use of a chlorine preparation of such strength as to provide at least one hundred parts per million when used in clean rinse water or three hundred parts per million when used in wash water. These are minimum concentrations, and solutions of a greater strength may be used. The regulations issued from time to time by the Medical Officer of Health as to strength, preparation and use of sterilizing solutions shall have the same force and effect as if they formed a part of this by-law.

Dishwashing by mechanical means.

(41) Where mechanical washers are used the water therein must be maintained at a temperature not less than 170 degrees F. The regulations issued from time to time by the Medical Officer of Health as to the operation of mechanical washers shall have the same force and effect as if they formed a part of this by-law.

Sterilization of silverware

(42) All knives, forks, spoons and other cutlery shall be thoroughly sterilized by immersion in boiling water for a

period of at least three minutes in a manner satisfactory to the Medical Officer of Health. Subjecting silverware to the action of chlorine solutions is not advised.

Health of Employees

(43) No person shall work in any restaurant or lunch counter nor shall any owner or operator of any restaurant or lunch counter employ any person unless such person has appeared in the office of the Medical Officer of Health and received approval to work in such place. This approval is renewable on January 1st and June 1st of each year and may be cancelled at any time by the Medical Officer of Health.

This section shall become operative by formal resolution of the Board of Health duly passed at a meeting of the Board.

Uniforms

(44) All persons while engaged in the handling or preparing of food shall wear suits of a washable material which shall be used only while so engaged. These garments shall, at all times, be kept clean.

Cleanliness of hands

(45) Every person employed in a restaurant or lunch counter shall before commencing work and after visiting the toilet and as often as necessary carefully wash their hands with soap and warm water.

No smoking

(46) There shall be no smoking by any workman or employer in any room where food is prepared or stored.

Ambiguity

(47) In all matters pertaining to this by-law or to regulations made pursuant to this by-law in which there is any doubt, ambiguity or possible misunderstanding the decision of the Medical Officer of Health shall be taken as final and binding.

(48) Paragraphs 58 and 59 of By-Law No. 7 of the Revised By-Laws of the City of Kingston are hereby repealed.

(49) Provided that where any of the provisions of the Statutory By-Law set out in Schedule "B" attached to the Public Health Act R.S.O. 1937, and amendments thereto, conflict with any of the provisions of this By-law, the latter shall prevail.

(50) This By-law shall come in force and take effect upon receiving the assent of the Department of Health for Ontario.

UNFINISHED BUSINESS

Ald. Stroud asked what relation the Administration charges of the Social Welfare Department bore to the City's share of direct relief.

Ald. Crawford stated the Fair Grounds needed to be cleaned up and enquired if this was not the work of the Caretaker.

Ald. Boyd spoke in reference to the use of the Garbage trucks for the collection of salvage. He stated that he had granted permission when he was advised by the officials of the Salvage Collection that the success of the collection depended upon the cooperation of the City. He asked for the opinion of the Members of City Council. In reply Ald. Stroud congratulated the Chairman and Members of the Board of Works for taking part in this worthy endeavour.

Ald. Casterton referred to the report on the operation of the Soldiers' Civic Recreation Centre and stated that he would recommend that the deficit of the Canteen be off-set by the surplus in the Dance Account.

Mayor Stewart advised the members of City Council that numerous replies had been received from Kingston men Overseas expressing thanks for the cigarettes recently received from the Kingston Cigarette Fund.

Ald. Casterton asked if any action had been taken on the petition of the residents on Raglan Road protesting against the nuisance said to be caused by a family in that vicinity. The Mayor advised that steps were being taken to correct the condition.

Ald. Casterton also enquired if Wartime Housing Ltd. was to be permitted to continue to pass raw sewage into the city sewerage system. He stated that a bad condition existed at present in Cataraqui Ward through the emptying of untreated raw sewage into the marsh.

BY-LAW NO. 217.

A By-law to provide for borrowing $2,100 upon debentures to pay for the construction of an extension to the system of sewerage from the present sewer on Main street to an outlet at the existing sewer on Carlisle street.

Passed August 14th 1942.

WHEREAS the Corporation of the City of Kingston considers it expedienct to construct a relief storm sewer from the present sewer on Main street to an outlet at the existing sewer on Carlisle street to relieve the flooding condition in that vicinity;

AND WHEREAS the construction of the above works has been approved by the Department of Health and the Municipal Board and the estimated lifetime of the work is in excess of ten years;

AND WHEREAS it is necessary to borrow the sum of $2,100.00 on the credit of the Corporation and to issue debentures therefor bearing interest at the rate of three per cent. per annum, which is the amount of the debt intended to be created by this by-law, and the object for which it is to be created;

AND WHEREAS it is intended to make the principal of the said debt repayable in yearly sums during the period of ten years of such amounts respectively that the aggregate amounts payable for principal and interest in any year shall be equal as nearly as may be to the amount so payable for principal and interest in each of said years;

AND WHEREAS it is necessary to raise annually the several sums set out in Schedule "A" hereunto attached during the period of ten years to pay the said yearly sums of principal and interest as they become due;

AND WHEREAS the amount of the whole rateable property of the said municipality according to the last revised assessment roll is $20,212,119.00;

AND WHEREAS the amount of the existing debenture debt of the Corporation (exclusive of Local Improvement debts, secured by special rates of assessment) is $2,093,331.69, and no part of the principal or interest is in arrear;

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. That a relief storm sewer be constructed from the present sewer on Main street to an outlet at the existing sewer on Carlisle street to relieve the flooding condition in that vicinity;

2. That for the purposes aforesaid there shall be borrowed on the credit of the Corporation at large the sum of Two Thousand, One Hundred Dollars ($2,100.00), and debentures shall be issued therefor in sums of not less than $100 each, bearing interest at the rate of three per cent. per annum, and having coupons attached thereto for the payment of the interest.

3. The debentures shall all bear the same date and shall be issued within two years after this by-law is passed and may bear any date within such two years, and shall be payable in annual instalments during the ten years next after the time when the same are issued and the respective amounts of principal and interest payable in each of such years shall be as set out in Schedule "A" attached.

4. The debentures as to both principal and interest may be expressed in Canadian currency and may be payable at any place in Canada.

5. The Mayor and Treasurer of the Corporation shall sign and issue the debentures which shall be sealed with the seal of the Corporation.

6. During the years of the currency of the debentures the total amount payable for principal and interest shall be raised annually for the payment of said debt and interest as set out in Schedule "A."

7. The debentures may contain any clause providing for the registration thereof authorized by any Statute relating to municipal debentures in force at the time of the issue thereof.

8. This By-law shall come in force and take effect on the date of the final passing thereof subject to the approval of the Municipal Board.

BY-LAW NO. 218

A By-law to authorize the construction of a nine-inch tile sewer in Lansdowne street from Adelaide street northerly 129 feet, in the City of Kingston, as a local improvement, under the provisions of the Local Improvement Act.

Passed August 14th, 1942.

WHEREAS M. C. Neate and others have petitioned the

Council to construct, as a local improvement, the work hereinafter described, and the Clerk has certified that the petition is sufficient; and

WHEREAS the Provincial Board of Health has approved of the construction of the said sewer; and

WHEREAS it is expedient to grant the prayer of the petition in manner hereinafter provided.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. That a nine-inch tile sewer be constructed in Lansdowne street from Adelaide street northerly 129 feet, in the City of Kingston, as a local improvement, under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work or for the carrying on and executing the work by day labour.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution unless this Council decides by resolution to carry on and execute the work by day labour, in which event the work shall be carried on and executed by day labour.

5. The Treasurer may, subject to the approval of the Council, agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by ten annual instalments.

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear

interest at such rate as the Council may determine and be made payable within ten years on the instalment plan.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at three per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

UNFINISHED BUSINESS

Ald. Stroud requested that a letter of condolence be forwarded to the family of the late Mr. J. Hackett, a former employee in the Board of Works.

Ald. Tugwood asked the chairman of the Board of Works if some relief from flooded sewers could not be given to the residents on John Street. In reply the chairman stated that the matter would be taken up with the City Engineer.

Ald. de St. Remy stated that in his opinion some repairs should be made this year to Union Street. Ald. Boyd advised that this matter had been considered by the Committee on Finance and Accounts and it had been decided that repairs to this street at this time were inadvisable.

Ald. Stroud asked if the Sanitary Inspector was granting some latitude to the small restaurants in the administering of the new Restaurant By-law. Ald. Millan speaking on the same subject stated that he had been told that some of the larger restaurants were not being controlled in the same manner as the smaller places.

Ald. Casterton expressed the opinion that some necessary repairs to the streets were being neglected and suggested that no further reduction in the mill rate be made next year.

Ald. Garrigan enquired as to the progress being made in the establishment of a Central Room Register. Ald. Curtis replied that the Committee on Administration and Legislation had held a number of meetings to consider the matter and that the idea would be brought before the people shortly.

A BY-LAW to authorize the construction of a concrete walk on the East side of Regent Street, from Brock Street southerly a distance of 238 feet, as a local improvement, under the provisions of the Local Improvement Act.

Passed October 5th, 1942.

WHEREAS L. Burns and others have petitioned the Council to construct as a local improvement the work hereinafter described, and the Clerk has certified that the petition is sufficient, and

WHEREAS it is expedient to grant the prayer of the petition in manner hereinafter provided:

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the City of Kingston as follows:—

1. That a concrete walk be constructed on the East side of Regent Street, in the City of Kingston, from Brock Street southerly a distance of 238 feet, as a local improvement, under the provisions of the Local Improvement Act.

2. That the City Engineer do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of the contract or contracts for the execution of the said work or for the carrying on and executing the work by day labour.

3. That the said work shall be carried on and executed under the superintendence and according to the instructions and orders of such Engineer.

4. That the Mayor and Clerk are authorized to cause a contract or contracts for the construction of the said work to be made and entered into with some person or persons,

firms or corporations, subject to the approval of this Council to be declared by resolution, unless this Council decides by resolution to carry on and execute the work by day labour, in which event the work shall be carried on and executed by day labour.

5. The Treasurer may, subject to the aproval of Council, agree with any Bank or person for temporary advances of money to meet the cost of the said work, pending the completion thereof.

6. The special assessment in each case shall be paid by five annual instalments, which is within the lifetime of the said work.

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money By-law to be hereinafter passed by the Council, and to be made payable in annual instalments within five years.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lots, without interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at two and one-half per cent per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

UNFINISHED BUSINESS

Ald. Curtis stated in reference to the petition for the early closing of grocery, butcher and fruit stores which was presented to city council at its last meeting, that amendments to the Provincial Act gave the city council the competence to pass the requested By-law, but the committee has deferred action at the request of the Regional Transit Controller until such time as a survey has been made of the city which might involve the staggering of retail store hours.

Ald. Casterton stated that the petition referred to by Ald. Curtis had not been presented to a number of groceries and he suggested that in presenting to city council a petition of this nature the names of those opposed be also submitted.

Ald. Casterton referred to the congestion which is being caused in the evenings in front of the theatres, and that on many occasions the entrances to the retail stores adjoining the theatres are completely blocked. He suggested that the Police Commission give consideration to having these queues form on the outside of the walk and that if it is necessary to have a policeman present that the theatres be asked to pay for this service.

Moved by Ald. Boyd, seconded by Ald. Root, (6) that By-law No. 232 be given its third reading, signed and sealed by the Mayor as follows:—

BY-LAW NO. 232

A BY-LAW to authorize the construction of a concrete walk on Napier and Mack Streets, West and North sides, from Mack Street to Dundas Street and from Napier street westerly 46 feet respectively, as a local improvement, under the provisions of the Local Improvement Act.

Passed November 2nd, 1942.

WHEREAS Charles T. Pearson and others have petitioned the Council to construct as a local improvement the work hereinafter described and the Clerk has certified that the petition is sufficient, and

WHEREAS it is expedient to grant the prayer of the petition in manner hereinafter provided:

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the City of Kingston as follows:—

1. That a concrete walk be constructed on Napier and Mack Streets, in the City of Kingston, West and North sides, from Mack Street to Dundas Street and from Napier Street westerly 46 feet respectively, as a local improvement, under the provisions of the Local Improvement Act.

2. That the City Engineer do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of the contract or contracts

for the execution of the said work or for the carrying on and executing the work by day labour.

3. That the said work shall be carried on and executed under the superintendence and according to the instructions and orders of such Engineer.

4. That the Mayor and Clerk are authorized to cause a contract or contracts for the construction of the said work to be made and entered into with some person or persons, firms or corporations, subject to the approval of this Council to be declared by resolution, unless this Council decides by resolution to carry on and execute the work by day labour, in which event the work shall be carried on and executed by day labour.

5. The Treasurer may, subject to the approval of Council, agree with any Bank or person for temporary advances of money to meet the cost of the said work, pending the completion thereof.

6. The special assessment in each case shall be paid by annual instalments, which is within the lifetime of the said work.

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money By-law to be hereinafter passed by the Council, and to be made payable in annual instalments within five years.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lots, without interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at two and one-half per cent per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

UNFINISHED BUSINESS

Ald. Boyd stated that the letter from the Minister of National Defence was a great disappointment. The two main points contained in the resolution of City Council were entirely ignored. He requested that the Clerk reply setting out fully the position of the City Council in respect to this matter.

Ald. Curtis concurred in the remarks of Ald. Boyd and stated that he believed the Dominion Government should be asked to accept fully their responsibility.

Ald. Dalton, in reference to the letter received from the Fuel Administrator, observed that the municipal by-law in respect to the sale and delivery of wood fuel presented certain difficulties which might restrict the supply.

Ald. Casterton inquired if the taxi men had been permitted recently to increase their tariff. The Mayor stated that no increase had been authorized and that it was intended to hold a meeting of the Police Commission in the near future to discuss the whole problem.

Ald. Dalton referred to a report which had been prepared by the City Engineer for the use of the tourist cabins at Lake Ontario Park for dwelling purposes.

Gentlemen,—The committee on Finance and Accounts begs leave to report and recommend as follows:—

1. That the Mayor and Deputy Clerk Treasurer be authorized to sign on behalf of the Corporation a lease to Hield Bros. Ltd. dated December 24th, 1942, of the premises known as the Textile building, said lease to be in substitution and amendment of the present lease and to be for a term of five years dating from May 1st, 1941.

2. That the Corporation approve and accept the following agreement with the Public Utilities Commission in regard to the disposition of the Waterworks surpluses, said agreement having been approved and adopted by the Public Utilities Commission at a meeting held December 21st, 1942:—

(1) That the Commission be permitted to set aside during the continuance of the present unsettled conditions a sum of Five Thousand Dollars ($5,000.00) for deferred maintenance and repairs. A maximum of Twenty Thousand Dollars ($20,000.00) is to be placed on this reserve for deferred maintenance.

(2) That the Commission be permitted to continue to make an annual provision of Three Thousand Dollars ($3,000.00) for extraordinary repairs and claims until the reserve has reached the maximum of Fifteen Thousand Dollars ($15,000.00).

(3) That the annual surplus, after provision has been made for the two above mentioned reserves, be divided between the Corporation and the Commission in a ratio of 60 to 40, and that payments on account to the Corporation be made quarterly.

(4) That each Department be assessed uniformly on the basis of One Thousand Dollars ($1,000.00) annually in payment of municipal services.

(5) That Two Thousand Dollars ($2,000.00) be paid to the Corporation annually as the Corporation's share of the annual profits of the Gas Department.

(6) That for the year 1942 the Commission pay to the Corporation the sum of Fifteen Thousand Dollars ($15,000.00) as the Corporation's share of the surplus in the Water Department and the sum of Five Thousand Dollars ($5,000.00) for municipal services.

(7) That the agreement take effect January 1st, 1943.

3. That Mr. W. J. Gibson, the statutory member of the Court of Revision in the absence of the sheriff, be paid the sum of $50.00 for his services on the Court of Revision for the year 1942.

4. That the offer of E. Laflamme to purchase the city-owned lot on James Street having a frontage of 62.34 feet, in the amount of $100.00, be accepted, and that the Mayor and Deputy Clerk Treasurer be authorized to sign a conveyance of this property on the payment of the purchase price.

5. That the following transaction negotiated by the Sinking Fund Committee be confirmed:—

> Sold to Wood, Gundy and Co. Ltd. $65,000.00, Dominion of Canada, 3% bonds, due 1st of March, 1954, at 100 with accrued interest.

6.That the application of Mr. J. Mantell for a transient trader's licence to operate the store at 130-132 Princess Street under the style and name of "Self-Serve Ladies' Wear" be granted, a cheque in the amount of $500.00 having been deposited with the City.

7. That By-law No. 7, Section 56, respecting the municipal licence for the business of pawnbroker be amended so that the licence fee required be $60.00, in conformity with the fee as set out in the Pawnbrokers' Act.

8. That a licence for the exercise of the business of pawnbroker be issued to the following persons as of January 1st, 1943:—Brock Jewellers, M. Cramer, A. Shpeigll.

9. That the committee on Finance and Accounts be authorized to arrange by agreement with Wartime Housing Ltd. for a payment in lieu of taxes for the extension of Municipal

Services to the proposed Women's Communal Centre and that the said agreement be reported to Council.

10. That in view of the position taken by the Department of National Defence respecting municipal By-laws and the proposed buildings at St. Mary's-on-the-Lake, and the need for urgency, Council take no further action in the matter, providing that the said buildings are removed when they cease to be used for Government purposes arising out of the war.

11. That the account of H. Smith in the amount of $159.75 covering the cost of replacing the flagpole on the city buildings be paid and that this expenditure be charged against the insurance moneys received on this claim.

Respectfully submitted,

(Signed) H. A. STEWART,
